

Ratification Gains Support

For Nuclear Test Pact Count Almost 80 Votes

WASHINGTON (AP) — The Senate drive for ratification of the limited nuclear test ban treaty appeared today to have picked up more supporters.

Democratic and Republican leaders, working hand in hand to steer the agreement through the Senate, counted almost 80 votes in favor of the treaty to prohibit all tests except underground.

Pick Jury For Trial Of Airman

Selection Begins At Boonville In Southwick Death

Selection of a jury in the manslaughter trial of A2c William Joseph Dwyer, 21, Whiteman Air Force Base, began Thursday morning in Cooper County Circuit Court at Boonville.

The proceedings progressed slowly as defense attorney, Will Berry of Versailles, questioned each prospective juror closely. At the noon recess Berry had already requested four of the panel be excused.

A panel of 28 prospective jurors was prepared, but some did not show up for the trial and with those excused there remained 23 at the noon recess. Selection of a jury was expected to continue well into the afternoon.

The proceedings opened with James Conway, prosecuting attorney for Cooper County, presenting a brief of the case to the prospective jury panel. Conway will assist Pettis County Prosecuting Attorney J. R. Fritz in the presentation of the state's case against Dwyer.

Dwyer is charged in connection with a two-car collision at 14th and Carr early Oct. 15, 1962, in which Lynn Renee Southwick, five-year-old daughter of Highway Patrol Trooper and Mrs. William T. Southwick, was fatally injured.

Among those on hand to testify are Sedalia Police Sgt. Charles Stuart, who was driving a police patrol car in pursuit of the Dwyer auto just prior to the accident; Officer Albert Blankenship, also of the Sedalia force; A2c George Allen Volk and Velma Estrada, both passengers in the car driven by Dwyer; Trooper and Mrs. Southwick and Sheriff Emmett Fairfax.

Circuit Judge Frank Hayes, of Sedalia, will hear the case. The trial was switched to Boonville on a change of venue.

Speedometer Check

Chief of Police Ralph Hamlin announced a speedometer check will be made by the Sedalia Police Department on Sunday. The check is to be made on 16th Street, along the State Fair grounds.

Hamlin said two periods of checking will be made, 9:30 to 11:30 in the morning and from 2:30 to 4 o'clock in the afternoon. The checks will be made by the police radar car.

Those desiring to check their speedometers can contact the officers at the speed check location.

'Ganglord' Under Sinatra Roof

CARSON CITY, Nev. (AP) — Frank Sinatra, the gangling singer who branched out as an actor, businessman and gambling impresario, has been threatened with loss of his Nevada gaming license. He is accused of allegedly allowing "one of (America's) crime overlords" to stay on the premises of the Cal-Neva gambling lodge.

Sinatra, in New York Wednesday night, was not available for comment.

The Nevada Gaming Control Board said Sinatra's guest at the showman's Lake Tahoe casino on the California-Nevada state line was Sam Giancana.

A five-point complaint submitted to the State Gaming Commission in Carson City Wednesday described Giancana, 54, of Oak Park, Ill., as "one of the 12 overlords of American crime." On Aug. 6 the Justice Department said Giancana was one of the rulers of the "Casa Nostra — Our Thing" crime syndicate.

Nevada keeps a "Black Book" that currently lists 11 persons, one of them Giancana, as persona non grata. Those listed are banned from any Nevada gaming establishment. Knowingly permitting one of them on the premises is grounds for license revocation, though it is not a criminal offense.

The gaming board's complaint charges Sinatra knowingly played host to Giancana at Cal-Neva, located about 20 miles from Carson City, between last July 17 and July 28. Specifically he is charged with allowing Giancana to stay in one of the chalets adjoining the casino.

The complaint also charges a Sinatra representative, Paul d'Amato with attempting to bribe two state gaming agents who were "performing their official duties of verifying the gross win at the gaming tables at Cal-Neva lodge." The complaint did not elaborate.

Further, Edward Olsen, gaming

board chairman, said "Sinatra used vile, obscene, and indecent language, in a tone menacing in the extreme, (constituting) a threat" when Olsen talked with Sinatra by telephone about Giancana on Aug. 31.

Sinatra was in New York preparing for an appearance Friday at a United Nations staff party. Wednesday night Sinatra had been scheduled to appear at the Americana Hotel where his son Frank Jr. was singing but changed his plans without explanation.

The complaint said "although Chet No. 50 at the time of the visit of Sam Giancana was registered to a female performer then appearing (at the Cal-Neva) said Sam Giancana is known to have been entertained, harbored, and permitted to remain there and to receive services and courtesies from the licensee." Olsen has refused to identify the female performer.

The board said Sinatra's part-

ners at the Cal-Neva — Henry Sanicola and Sanford Waterman — were blameless in the housing of Giancana. However, all three would lose their licenses if the commission finds against Sinatra. A spokesman for the board said Sanicola and Waterman probably would get another license if they applied.

Sinatra owns 50 per cent of Cal-Neva stock and has held his state-line gaming license for three seasons. He got his first Nevada gaming license in 1953 when he bought into the Sands Hotel in Las Vegas. He now owns nine per cent of Sands stock.

Sinatra has 15 days to file a notice of defense before the commission will act. He is entitled to a hearing by the five-man commission before his license could be revoked. If it is revoked, he can appeal to the Nevada courts.

The Cal-Neva closed last Saturday in what a lodge spokesman described as a regular seasonal closing.

INTEGRATION DEMONSTRATOR SUBDUED — Police struggle to subdue a man near the West End High School in Birmingham, Ala., Sept. 10, after demonstrations broke out when

two Negro students were admitted. At left police restrain a woman pointing to the downed man.

(AP Wirephoto)

Close Call For Woman In Iron Lung

ANN ARBOR, Mich. (AP)—The airplane passenger was a frightened 26-year-old woman being kept alive by an iron lung. With 900 miles to go, the batteries for the lung were failing.

It was the Sunday of Labor Day weekend and a University of Michigan medical team was flying patient Carol Kaufman from Mexico City to Ann Arbor in a twin-engine Beechcraft. News of the flight was revealed Wednesday.

"We had to do something fast, so we set down at Monroe, La.," said equipment engineer Gerald Horn. Only two batteries were left—one half dead and one in reserve for emergencies.

"We didn't have any idea where we were going to find any people—much less batteries," Horn said. "But then two young men working at the airport offered to trade us their car batteries. We got a third from a gas station owner in town. We were really wheeling and dealing there for a while, but we never thought 'to get their names."

"It was close. By the time we completed the deal, we were already using the emergency battery."

Exhibit To Be Dedicated

INDEPENDENCE, Mo. (AP) — The 35th Infantry Division exhibit at the Harry S. Truman Library will be dedicated next Tuesday morning.

The ceremonies will include the unveiling of a plaque in memory of one of the division's former commanding generals, Maj. Gen. Ralph Truman, a cousin of former President Harry S. Truman. It was General Truman who five years ago began assembling historical objects connected with the Division, former Missouri and Kansas National Guard Unit. Among the exhibits will be a French 75 mm gun, of the type used in World War I, photographs, flags, uniforms, insignia, weapons and maps.

Former President Truman, who commanded Battery D of the 129th Field Artillery Regiment in World War I, will accept the exhibit for the library and Mrs. Olive Truman, widow of the general will unveil the plaque.

The Weather

Mostly cloudy and cooler tonight with a period of light drizzle or light rain ending by morning. Low tonight 50 to 55. Friday considerable cloudiness and cooler with the high in the low 70s. Winds northerly tonight 15 to 20 mph.

The temperature Thursday was 70 at 7 a.m., and 80 at 1 p.m. Low Wednesday night was 70.

The temperature one year ago today was 91; low 69; two years ago, high 86; low 68; three years ago, high 81; and low 49.

Lake of Ozark stage: 56.2 feet; 3.8 below full reservoir; no change.

Troops Arrest 100 Teen-agers In Viet Nam

SAIGON, Viet Nam (AP)—Bayonet wielding troops arrested more than 100 teen-age students in a rock-throwing riot at a technical school today.

The riot followed midnight arrests of other students, and a morning of tension between troops and teen-agers at high schools and university faculty branches throughout Saigon.

Student unrest, temporarily quashed last week after more than 2,000 students were arrested, was rising again.

Truck loads of riot police and troops in full battle gear roared from one potential trouble spot to another.

At least three soldiers were reported seriously injured, several students were bruised and a deputy provincial chief suffered a bloody nose in an hour-long clash between students and troops at the Secondary School of Decorative Arts.

The first demonstration flared up, at the government school of fine arts, where troops arrested seven students after more than 100 had gathered in a noisy demonstration denouncing the government of President Ngo Dinh Diem.

More than 2,000 were to take exams and newsmen counted barely 400 who turned up. More than 1,000 students of the university are still believed in jail out of the 2,000 arrested Aug. 25.

Businessman Reports On Cuban Visit

WASHINGTON (AP)—A young Massachusetts businessman testified today he went to Cuba with a group of U.S. students this summer—after first reporting to the Central Intelligence Agency and the Federal Bureau of Investigation and pledging cooperation on his return.

The testimony came from Barry Hoffman, 26, who identified himself as a real estate man who lives in Brookline, Mass. He was the first witness at a hearing by the House Committee on Un-American Activities.

The committee is investigating the Cuban tour by some 50 young men and women, most of them students, who went to the island as guests of Fidel Castro in defiance of a State Department ban on travel there.

Hoffman identified about a dozen of those in the touring group as members of the "progressive labor organization."

Committee counsel Alfred Nittle said this group has been identified as a Communist splinter group formed by several Communists who were expelled from the party early in 1962 as "neo-Trotskyites."

Three Charged In Narcotics Case, Make Bond

Three of four Negroes charged here with illegal possession of narcotics have been released from the Pettis County jail on bonds provided by Kansas City bonding firms.

Still in custody Thursday was Eli R. Gilbert, 39, 108 West Johnson.

Latest to meet bond were Mattie H. McColum, 23, and Gloria M. Doyal, 25, both of Kansas City. They were released on \$6,000 bonds supplied by the Alex Fazzino Bonding Company, 601 East 11th Street, Kansas City, according to Deputy Virgil Morris.

Richard G. (Little Richard) Thomas, 38, 820 North Missouri, was released Tuesday on a \$7,500 bond supplied by the Bradshaw Bonding Company, Kansas City, through local agent, Willard Morris.

Judge Frank Armstrong of the Magistrate Court reduced bond for the quartet to \$6,000 Wednesday, but William F. Brown, defense attorney, sought a further reduction and filed a petition for a writ of habeas corpus in Circuit Court. Sheriff Emmett Fairfax subsequently brought the four defendants before the court, but after hearing Brown's argument Judge Frank Hayes denied the bond reduction, leaving it at the \$6,000 figure.

A date for preliminary hearing for the four Negroes is still undetermined.

Flags to Half Staff

JEFFERSON CITY (AP)—State and national flags were flown at half staff on state buildings today, marking the second anniversary of the death of former Gov. Phil M. Donnelly.

Donnelly, the only man in Missouri to serve two full four-year terms as governor, was buried in the cemetery of his hometown, Lebanon.

Efforts are now being made to raise a fund to erect a memorial to him on the steps of the Laclede County courthouse where he practiced law for many years.

Outbreak at Mobile Ends Relative Calm

Pupils Mass On Campus Protesting Integration

BIRMINGHAM, Ala. (AP)—Pupil boycotts protesting integration spread to new schools across Alabama today and disrupted some classes not even desegregated.

More than 1,000 boys and girls stayed away from West End High School in Birmingham for the third day in a row, while an estimated 300 walked out at Murphy High in Mobile for the first time, chanting anti-Negro yells. Nearly 50 pupils were arrested at Mobile.

Traffic Panel Recommends Speed Hike

4 Stop Lights Also Get Nod By Citizens Group

A 5-mile speed limit increase on Broadway and 65 Highway was unanimously approved for recommendation to Sedalia's City Council by the traffic advisory committee Wednesday night. The group, headed by W. A. Smith, met in the office of Mayor L. L. Studer.

Pending approval by the council, instituting the speed limit could make it possible for the State Highway Department to install a traffic light at the congested 16th and Limit intersection. The department asked the speed limit hike as a pre-requisite for the traffic light.

Recommendation will also be taken to the council by the committee for installation of red stop lights at four locations: Broadway and Engineer; Broadway and Massachusetts; Broadway and Grand; Broadway and Ohio.

Next week's traffic committee agenda includes, for discussion, east side-only parking on Lamine from Eighth to Tenth Streets, because of that thoroughfare's narrowness.

Present, besides Smith, at the meeting were Chief of Police Ralph Hamlin, Fire Chief Emmet Vaughn, Damon Hieronymus, Pinkney Miller, all committee members.

Bob Cunningham, city engineer, W. D. Hill, both committee members, and Mayor L. L. Studer, were unable to attend but indicated they were in favor of the recommendation for increasing the speed limit, according to Chairman Smith.

Signs in Wrong Town

MACON, Mo. (AP)—Macon residents went to work this morning, puzzled by political signs saying: "Lovely for Public Defender," and "Hanley for County Attorney."

The signs were posted on utility poles throughout the city. No one saw the signs put up. This is not an election year and besides there are no such posts as county attorney or public defender in the county.

The signs, 14 by 11 inches and 22 to 14 inches, bore a union label indicating they had been printed in Omaha, Neb.

Purge 11 In Racial Outbreak

Tear Gas Used To Quell Riot In North Carolina

HIGH POINT, N.C. (AP) — Nine Negroes and two white men were arrested late Wednesday night as police used tear gas bombs to quell a near-riot that developed when 2,000 white persons began throwing rocks, eggs, tomatoes and other missiles at Negroes conducting anti-segregation demonstrations.

Police reported a single shot was fired, but no one was injured. Mayor Floyd Mehan criticized the city's Negro leadership for "dangerous, dictatorial and inconsistent statements." The mayor called for a meeting of the City Council to deal with the rapidly deteriorating racial situation.

The nine Negroes arrested were charged with trespassing and congregating on sidewalks. The two white men were arrested on charges of carrying weapons. Bonds for those arrested were set at \$50 each.

High Point's Main Street was blocked off to traffic and pedestrians for more than an hour after police used tear gas and fire trucks to disperse the crowd of angry white people.

Federalized National Guard troops remained on duty in an army near the West End school, but did not intervene.

Police called in a fire truck with high pressure water hoses at Murphy High in Mobile, but the water was not turned on. The crowd of white pupils began to break up after about an hour.

Some of the Mobile pupils were arrested when they refused to return to school. They were hauled off in paddy wagons. Principal Raymond B. Taylor said leaders of the demonstration would be dealt with, but he did not elaborate.

India's Ambassador Convocation Speaker At Missouri Valley

MARSHALL, Mo. (AP) — Braj Kumar Nehru, India's ambassador to the United States, will be the principal speaker Friday morning at the opening convocation at Missouri Valley College.

The occasion will kickoff the college's 75th anniversary year. Nehru will receive an honorary doctor of law degree, marking the first time in the college's history that the citizen of a foreign nation is so honored by the college.

Honorary degrees also will be conferred on Wayne Parrish, president of American Aviation Publications and Miss Frances Knight, head of the passport division of the State Department.

A total of 360 persons were given driver examination tests in Pettis County in August, 1963. Of those tested, 249 passed and 111 failed. A total of 1,292 persons in the Troop A area were given examinations in August. Of these, 6,410 passed.

Following is a breakdown of accident statistics for August, 1963, for those counties in the Democrat-Capital trade area:

Benton County — one death; 12 injured; \$9,895 property damage; 25 accidents.

Henry County — no deaths; 30 injured; \$16,995 property damage; 38 accidents.

Johnson County — no deaths; 50 injured; \$21,027 property damage; 44 accidents.

Lafayette County — two deaths; 22 injured; \$20,785 property damage; 35 accidents.

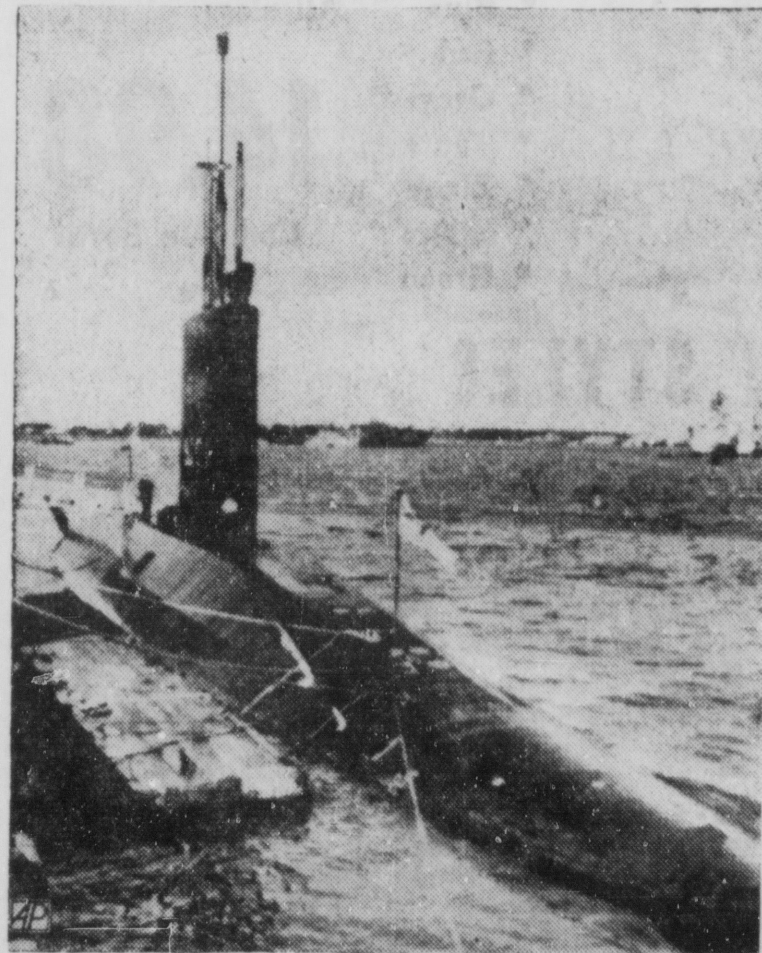

Pettis County — no deaths; 31 injured; \$45,301 property damage; 43 accidents.

Saline County — one death; 17 injured; \$21,750 property damage; 28 accidents.

Creditors Notified Of Bankruptcy Here

A notice of first meeting of creditors has been issued in the bankruptcy proceedings for Pete (Frank) Fillicetti, 2017 South Grand, according to Robert E. Brauer, bankruptcy referee in the United States District Court for the western district of Missouri.

The meeting of creditors will be at 10 a.m. Oct. 18 at the U. S. Courthouse in Jefferson City.

BRITAIN'S FIRST NUCLEAR-POWERED SUB — This HMS Dreadnought, Britain's first nuclear-powered submarine, is tied up at Portsmouth, England, Sept. 10, before leaving to take part in a British task force exercise for the first time. The 3,500-ton, \$56 million sub has traveled some 13,000 miles since she was commissioned last April. (AP Wirephoto)

'White Discrimination'**Hiring Practices An Acute Problem In Racial Issue**

By JACK LEFLER
AP Business News Writer
NEW YORK (AP)—With Negro organizations and many federal, state and local governmental agencies pressing for a better break for Negro workers, hiring practices and contests for jobs have become an acute issue.

As a result of these pressures, there have been some questions raised whether a reverse discrimination—against white workers—might develop.

An Associated Press survey of a dozen of the nation's major industrial centers showed that more Negroes are being hired for better jobs but it also indicated there is no great rush to provide employment for them on the basis of race.

On the other hand, Vice President Lyndon B. Johnson, who heads President Kennedy's Committee on Equal Employment Opportunity, said industry had exceeded expectations in providing more and better jobs for non-whites.

A committee study covered 45,728 new positions filled in the six months ended last December by the 75 companies then subscribing to the "affirmative action" program sponsored by the committee.

The committee reported "dramatic progress" with non-whites receiving nearly one-fourth of the new jobs—six times more than the projected number based on past hiring practices.

Demonstrations have been held by Negroes and whites at public building projects in New York City and elsewhere, demanding a greater representation of Negroes among skilled workers.

Some Negro leaders have insisted that a quota system be set up, but labor union officials have resisted, saying it would eliminate jobs of some white workers. Gov. Nelson A. Rockefeller of New York has come out flatly against quotas.

Promotion of three Negroes to post office supervisory jobs, although they were lower than 53 white men on the established merit scale, set off a furor in Dallas. Eleven high-ranking white postal workers filed suit against the Post Office Department, claiming they were discriminated against because of their race.

A Seattle employment agency operator reported two instances in the last month in which white workers complained they had lost their jobs because they had been replaced with Negroes.

"I have letters from employers indicating they definitely plan to employ a certain percentage of Negroes," this operator said.

Dudley Cameron, deputy area manager of the California Department of Employment in San Francisco, reported an increasing inclination to hire Negroes.

"One might say it is discrimination against whites," he said. "It could mean the white worker will be the one who didn't get the job. There is an effort in many com-

munities, certainly around here, to correct the imbalance that has existed for many years."

In New York City, two members of the City Commission on Human Rights suggested that racial bias in the building trades might be eased by favoring Negroes over white applicants for apprenticeship.

Chairman Stanley M. Lowell said the commission was not trying to put white men out of jobs but he told officials of five construction unions that putting Negroes and Puerto Ricans at the top of the training list would correct discrimination against minority groups and ease racial unrest.

Ethel C. Bryant, mayoral staff delegate to the Los Angeles Mayor's Committee on Human Relations and herself a Negro, commented that "certain unskilled jobs have always been classified as 'Negro' jobs—such as janitors, elevator operators, and garbage-men."

She said that in an integration drive that seeks employment solely on a merit basis, "Negroes will lose even some of these jobs to unskilled whites who are presently unemployed, perhaps."

About 70 St. Louis area firms have made efforts since the first of this year to hire Negroes for the first time on jobs other than menial capacity. Negro leaders and employment experts said that there have been no complaints of discrimination in reverse.

The Michigan Fair Employment Practices Commission pointed out that employment quotas based on race would be against state law. It said it had processed a few reverse discrimination complaints several months ago.

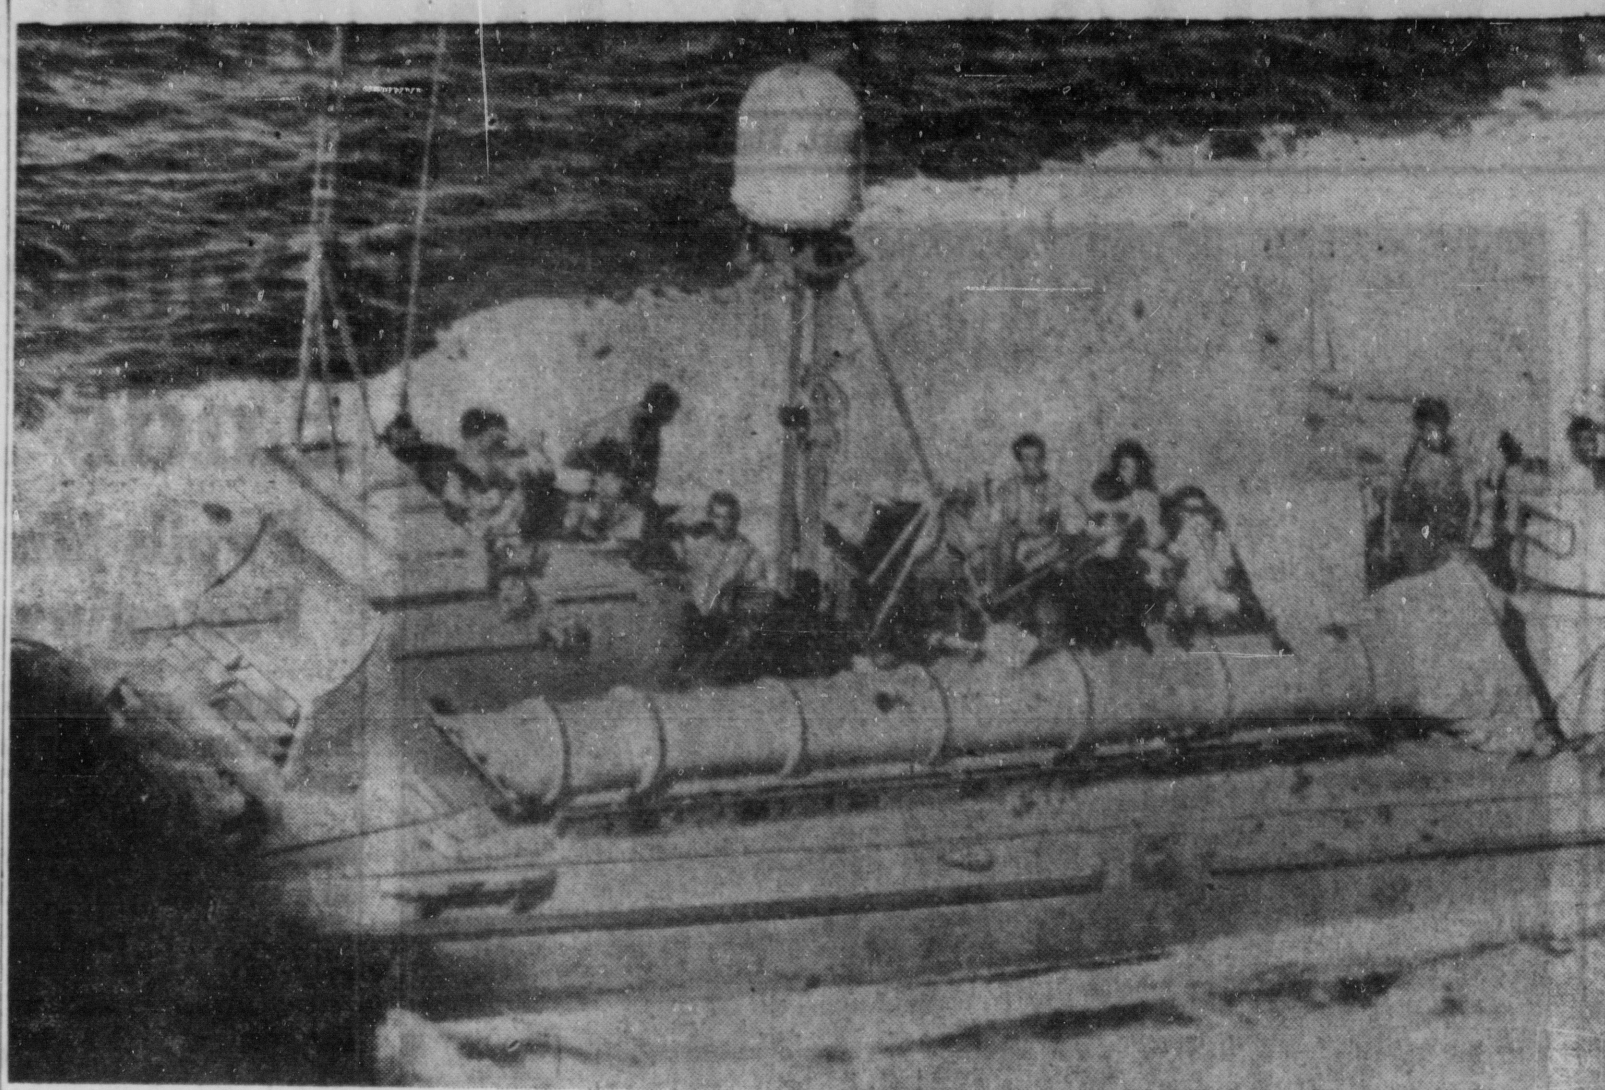

General Motors Corp., Michigan Bell Telephone Co. and Michigan Consolidated Gas Co. in Detroit said they knew of no rush to hire Negroes because of race, no such complaints by whites and that they had made no recent changes in hiring practices.

Five big Chicago downtown banks invited the Chicago Urban League to help them recruit more Negro employees. Edwin C. Perry, executive director of the league, said the jobs range from page girl to management trainee.

Archie Williams, chairman of the Boston Labor and Industry Committee of the National Association for the Advancement of Colored People, said there has been no rush to employ Negroes but there has been a rush to set the groundwork to get more jobs for Negroes. A Negro job clearing house, partially supported by industry, has been set up.

"As far as I know there have been no complaints about discrimination against white workers in this area," reported C. H. Gilman, regional director of the AFL-CIO in Atlanta.

A definite increase in requests for Negroes to fill jobs in industry and business was noted by Ernest Cooper, executive director of the Urban League in Cleveland. He said many of the orders

CASTRO'S NAVY AT WORK—Photograph taken from a Coast Guard patrol plane shows a Cuban PT boat leaving Anguilla Key carrying some of the 19 Cuban refugees forcibly removed from the British possession in the Bahamas. Intelligence experts claim that Castro, besides using regular navy boats such as this, is building a "fishing fleet" of approach close to South and Central American coasts to carry on subversive activities. On the other hand, anti-Castro commandos are using armed motorboats to harass Cuban coastal military and industrial installations. In one recent attack, motorboats were lowered over the side of a mother ship to carry out attacks in river estuaries.

Today In Washington

By THE ASSOCIATED PRESS
WASHINGTON (AP)—In the news from Washington:

KENNEDY'S: President Kennedy flies to Newport, R.I., late today to join his wife in observing their 10th wedding anniversary.

The White House gave out no information about the Kennedy's plans for celebrating their anniversary. The President plans to return to Washington Monday.

DRUGS: Senate antitrust investigators plan a preliminary probe into reports that some big U.S. drug firms tried to block the cut-rate sale of American drugs in South America.

Chairman Philip A. Hart of the antitrust subcommittee said closed hearings will be held to determine whether a full-scale investigation is justified.

PAYMENTS: The United States reportedly plans to ask 92 other nations to join in studying ways to modernize the non-Communist world's system of exchanging

are from firms that have tried perhaps one Negro, found that it has worked and are back for more.

Two Omaha business leaders called for the hiring of Negroes as part of a comprehensive plan to expand and upgrade minority employment. The leaders are Morris E. Jacobs, head of a national advertising firm and Peter Kiewit, head of a world-wide construction firm. The goal: to put a minimum of several hundred Negroes to work within 60 days.

money and credit to keep pace with the rapid expansion of international trade.

"FLY ANYWHERE": The "fly anywhere" tour bargain for foreign visitors, put into effect Sept. 1 by 12 American local service airlines, hit Europe "like a bombshell," says Voit Gilmore, director of the U.S. Travel Service.

Touting it as "the world's greatest travel bargain," Gilmore said at a reception Wednesday night the special fare "is one of the greatest boosts to U.S. tourism since the government launched its 'Visit U.S.A.' campaign two years ago."

Ann Landers

Answers
Your
Problems

Dear Ann Landers: I have read a great deal about ESP (Extra-sensory perception) and I am sure I have it.

Frequently I know a telephone is going to ring several seconds before it actually does. Sometimes, when the phone rings I know who's on the line. I've had hunches about letters the day before I receive them. I often know precisely how certain people will finish a sentence even though they have said only three or four words.

This uncanny ability has been with me for a long time. In school I always seemed to know when I was going to be called on to recite. I was also able to read a certain boy's mind. (I quit going with him.)

Now I have a strong feeling that a certain young man who is casual about me would make the best husband in the world. Should I tell him.—MISS L.

Dear Miss L.: I have only five senses and I'm not so sure about THEM, so please don't ask me to advise a girl who can read a boy's mind.

It is not very good sense (even taking ESP into account) to suggest marriage to a young man who is casual about you. Forget it.

Dear Readers: Here is an open confidential to the 4,578 people who wrote to tell me that "Honor Your Father and Mother" is the Fourth Commandment and not the Fifth Commandment, as I said in a recent column. One reader even suggested that I accept 10 lashes with the tassels of an old prayer shawl.

There are various versions of the scriptures and the Commandments appear in different order according to which version of the Bible you're reading. The Bible which I read says "Honor Your Father and Mother" is the Fifth Commandment and I accept the apologies of all of you.

Dear Ann Landers: I have been both camp counselor and administrator in church camps for Juniors (boys between 9 and 12 years of age) for more than 10 years. Almost without exception whenever you see a homesick child who rebels against camp discipline he is reacting to overly protective parents.

Magic Carpet Show Is Big TV Relief

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP)—Sometimes, numbed perhaps by overdoses of cliché comedy and trivial plots galloping to a predictable climax, we forget that television sometimes can be pure enchantment.

Wednesday night, in premier broadcast of a new CBS series, the "Roots of Freedom," the television "magic carpet," flying us through time and space back 2,400 years to a Greek hillside where the theater was born.

With Alfred Lunt as guide and entertaining lecturer and Lynn Fontanne helping out, the living audiences were actually seated in the ruins of the theater of Dionysus. There on the old broken stones, a cast of talented performers, including Miss Fontanne, Alfred Drake and Donald Madden, enacted short scenes from great plays which were milestones in theater development.

First, to illustrate the very earliest Greek theme—a man against the gods—there was a portion from Aeschylus' "Prometheus Bound," Sophocles' "Antigone" came next to show a more sophisticated concern for man's struggle against man. And finally, after Miss Fontanne had admonished parents to ship the children off to bed came a morally risqué comedy scene from Aristophanes' "Lysistrata," obviously the father of all bedroom farce.

It was an absorbing adult hour and proved incidentally that an educationally program doesn't have to be dull. Phil Silvers was the guest star on Monday night's CBS "I've Got a Secret." He mentioned, incidentally, his new CBS series, "The Phil Silvers Show" and its premiere date.

Gary Lockwood was a guest on Wednesday morning's NBC "Today" show. He mentioned, incidentally, his new NBC series, "The Lieutenant," and its premiere date. Lockwood is also scheduled to be a guest on today's NBC "Say When," which during the next week will also play host to Larry Blyden, Lorne Green, James Franciscus, Bill Dana and Richard Chamberlain. All of them, by a curious coincidence, are stars of NBC television series, and will be dropping frequent plugs on behalf of their series.

This handy little device, indulged in by all three networks, is designed, of course, to attract audiences to network shows. It's going to be "Sophia Loren in Rome" after October's "Elizabeth Taylor in London," but although the projected special has a sponsor, it has not yet settled on a network. ABC has nailed Mrs. Ngo Dinh Nhu, the controversial sister-in-law of the president of South Viet Nam, for her initial American television appearance—on a Sunday "Issues and Answers" in October. The big new change in "College Bowl" when it moves from CBS to NBC Sept. 22 will be the addition of color.

ing service as U.S. representative to the U.N. scientific committee on the effects of atomic radiation. Warren is scientific director of the New England Deaconess Hospital's Cancer Research Institute in Boston and a professor of pathology at Harvard.

WASHINGTON (AP)—Dr. Shields Warren, an authority on atomic radiation, was named to receive the Atomic Energy Commission citation.

Warren was cited for outstanding

Mrs. Terrance Hacker

Miss Janet Hacker Becomes Bride Of Mr. Terrance Durrill Aug. 30

Miss Janet Hacker, daughter of Mr. and Mrs. C. R. Hacker, Green Ridge, and Mr. Terrance Durrill, son of Mrs. Theodora Durrill, Green Ridge, and Mr. James Durrill, Kansas City, were united in marriage at Green Ridge Presbyterian Church at seven o'clock Friday evening, Aug. 30.

The Rev. Charles D. Likely read the double ring ceremony before an altar setting of lighted candles and baskets of yellow chrysanthemums and white gladioli. Mrs. L. B. Beach, organist, played "O Promise Me," "I Love You Truly" and "O Perfect Love." She also played traditional wedding marches.

The bride was given in marriage by her father. She wore a floor length gown of white nylon. The bodice was of lace and styled with long tapered sleeves. Trimming the bouffant skirt were roses and lace. Her fingertip veil was of nylon lace. She carried a bouquet of yellow roses.

Miss Diana Likely was maid of honor. Her gown was of mint green nylon in ballerina length. She carried yellow roses.

Mr. Donald Pottoff was best man.

Ushers were Mr. Chancey Hacker, Jr., and Mr. David Likely.

Following the ceremony, a reception was held in the dining room of the church.

Covering the bridal table was a lace cloth over yellow. The centerpiece was of yellow chrysanthemums and white gladioli. A three tiered wedding cake, decorated with yellow roses was cut and served by Mrs. Charles D. Likely. Mrs. Julian Upton served punch.

Miss Gayle Kendrick presided at the guest book and Mrs. Raymond Lemke received gifts.

The bride attended college at Toledo, Ohio, and Central Missouri State College, Warrensburg, this last year. The bridegroom received his bachelor's degree at CMS last spring.

The couple will live at Norfolk, Va., where the bridegroom will be stationed in the United States Navy.

Guests from a distance were Mr. and Mrs. Jim Hacker and son, Detroit, Mich., and Mrs. Kathryn Tucker, Walla Walla, Wash.

Freight Car Bronco Gets Education Aid

KANSAS CITY (AP)—Twelve-year-old Larry Jones, the armless boy who drove a freight engine through the railroad yards earlier this week, has received \$50 toward his education.

M. E. Harkin of Detroit, in a note accompanying the money order, said he admires Larry's spirit of adventure and his courage.

"Am sending \$50 hoping it may initiate college fund for you so that perhaps your ride on the 552 (the engine number) will not have been in vain," Harkin wrote.

Military Pay Hike Bugged Stalemate

WASHINGTON (AP)—Pay increases of more than \$100 million for the nation's military forces during October appeared at stake today in an unusual Senate-House deadlock.

Sen. Howard Cannon, D-Nev., who steered a \$1.2 billion annual military pay increase through the Senate more than a month ago, said in an interview he still hopes the House will decide to take the Senate version.

But Rep. L. Mendel Rivers, D-S.C., who pushed a companion measure through the House in May, had formal House backing for a compromise to iron out numerous differences in the two bills.

The House on Aug. 12 asked a formal conference for this purpose but Chairman Richard B. Russell, D-Ga., of the Senate Armed Services Committee and other Senate leaders have been occupied with other legislation.

Cannon said a decision on the House conference request will probably be delayed until the Senate completes action upon the limited nuclear test ban treaty and other pressing legislation, including the \$47 billion defense money bill.

Under the Senate bill, military pay increases would begin Oct. 1. The House specified either Oct. 1 or the first month the measure becomes effective, if that is later.

The increases—the first for the military since 1958—can not become effective until Congress completes action on the legislation and President Kennedy signs it. Kennedy recommended the pay raises.

If congressional action is delayed beyond Oct. 1, a Senate-House compromise still could make the increases retroactive to that date.

Refusal of Senate leaders to agree to the House conference request for more than a month is unusual. Normally, pay increase legislation for military or civilian government workers gets speedy treatment.

Hiding Boy Saved From Garden Cave

BOONVILLE, Mo. (AP)—It was a good thing a stool pigeon revealed the hiding place of a 14-year-old boy at the Missouri Training School.

The youngster slipped away from his work crew in the school's garden and hid in a shallow cave caused by erosion and rat tunneling. He pulled loose soil down to close the entrance.

Meanwhile, dragline and grading operations to replace soil and divert drainage were going on. Tons of dirt were about to be dropped over the youngster's hiding place.

Another inmate who had seen the fugitive hide alerted school

OBITUARIES

Elizabeth Longan (Sedalia)

Mrs. Elizabeth C. Longan, 82, 105 East 13th, died, Wednesday. She was born in Mt. Vernon, July 10, 1881, daughter of the late John C. and Emma Lou Gill Varnan. She married J. C. Longan in 1900 at Sedalia, Mo. Longan died, Feb. 2, 1963.

Mrs. Longan had been a resident of Sedalia since she was five years old. She was a member of the First Christian Church and assisted her husband in operating the Farmers Mutual Insurance Co. for ten years until they retired in 1958.

She is survived by two sons, Robert N. Longan, Route 3; and J. C. Longan, Jr., Kansas City; and one daughter, Mrs. W. R. (Virginia) Courtney, Mexico; one brother, John C. Varnan, Galveston, Tex.

She was preceded in death by her husband, parents, and one daughter, Mrs. A. R. (Blanch) Browne in 1956.

Funeral services will be held at 2 p. m. Friday at the Gillespie Funeral Home with the Rev. Harry Purviance, pastor of the First Christian Church officiating.

Mrs. H. O. Foraker will play organ selections.

Burial will be in Memorial Park Cemetery.

The body is at the Gillespie Funeral Home.

Cathinca Meyers (Sedalia)

Mrs. Cathinca Meyers, 85, 1704 South Montgomery, died at the Rest Haven Nursing Home at 12:30 a. m. Thursday. She had been ill for the past week.

Mrs. Meyers was born at Mora, July 10, 1878, daughter of the late Charles and Martha Cordes Schwensen, Sr. She lived most of her life in Sedalia. Mrs. Meyers was a member of the Trinity Lutheran Church.

One of a family of eight children, she was preceded in death by five brothers and sisters.

Surviving are two daughters, Mrs. Leonard Traugott, Cole Camp, Mo.; two sisters, Mrs. C. B. Rhoades, Kansas City; Mrs. Oscar Hughes, Versailles; three grandchildren and six great grandchildren.

Funeral services will be at the Ewing Funeral Home at 2 p. m. Saturday. The Rev. E. F. Rohlfing, pastor of Trinity Lutheran Church, will officiate.

Burial will be in Memorial Park Cemetery.

Wells Infant (Sedalia)

Edward Wells, infant son of Mr. and Mrs. Leroy Wells of 1216 Maple Lane Drive, died at 10 a. m. Wednesday at Bothwell Hospital two hours after birth.

The infant is survived by the parents, two brothers, Stephen Andrew and John Patrick, two sisters, Denise and Diana; the paternal grandmother, Mrs. John H. Wells, Nevada, Mo.; and the maternal grandmother, Mrs. Nora O'Connor, Broadway Arms.

Graveside services and burial were at 4 p. m. Thursday at Calvary Cemetery. The Rev. Father Richard Kalaf, assistant pastor of Sacred Heart Catholic Church, officiated.

Sarah E. Oakleaf (Tiffin, Ohio)

Sarah Elizabeth Oakleaf, 94, former Sedalian, died Tuesday in a rest home at Tiffin, Ohio.

Mrs. Oakleaf was the daughter of August and Mary Ann Carry and was reared near Sedalia. After her marriage to George Oakleaf, she made her home in Ohio, but she was a frequent visitor here where she had many relatives.

Surviving are a son, two daughters, four grandchildren and a number of nieces and nephews.

Funeral services will be held Friday. Her brother, Edward Carry, and a niece, Mrs. Les (Mary) May, left Wednesday to attend the funeral.

Democrat-Capital Class Ads Are Worthers You Can Afford To Hire! Dial TA 6-1000.

William L. McDaniel (Warsaw)

William Lee McDaniel, 73, Sportsman's Paradise Resort, near Warsaw, died at the Bothwell Hospital at 5 p. m. Wednesday. He had been a patient there for 15 days.

He was born in Independence, Dec. 15, 1889, son of the late Lyle and Martha McDaniel. He lived most of his life in Kansas City, moving to Warsaw shortly after his retirement in 1957.

He was preceded by his wife, who died in December, 1962.

Surviving are a nephew, Elmer L. McCowen, North Kansas City.

Funeral services will be held at 2 p. m. Saturday at the Reser Funeral Home, Warsaw, with the Rev. Lloyd McKenney, of the Warsaw Methodist Church, officiating. Burial will be in Riverside Cemetery, Warsaw.

Funeral Services

Rolla J. Lopp

Funeral services were at 2 p. m. Thursday at the Gillespie Funeral Home for Rolla J. Lopp, 69, 1421 West Third, who died Tuesday. The Rev. Harry Purviance, pastor of the First Christian Church, officiated.

Burial was in Memorial Park Cemetery.

Mrs. Dell L. Miller

Funeral services were at 2 p. m. Thursday at the Immanuel Lutheran Church in Sweet Springs for Mrs. Dell L. Miller, 79, 223 East Sixth, who died Monday. The Rev. J. R. Wallace, pastor of the First Baptist Church, officiated.

Burial was in Crown Hill Cemetery.

John I. Vogelsmeier

Funeral services were at 2 p. m. Thursday at Immanuel Lutheran Church in Sweet Springs for John Irvin Vogelsmeier, 58, who died Monday at this farm home north of Sweet Springs. The Rev. Ross E. Haupt, church pastor, officiated.

Burial was in Fairview Cemetery.

Leola Johnson

Funeral services will be at 2 p. m. Friday at Quinn Chapel AME Church for Leola Johnson, Kansas City, who became ill and died while visiting here Tuesday. The Rev. W. H. Hickman, church pastor, will officiate.

Pallbearers will be George Shobe, Marvin Jefferson, Wilcher Robinson, Mark Powell, Richard Hogan and Walker Murphy.

The family will receive friends from 8 to 9 p. m. tonight at the Alexander Funeral Home.

Burial will be in Crown Hill Annex Cemetery.

Caretha Beavers

Funeral services will be at 7 p. m. Thursday at the Four Square Gospel Tabernacle for Caretha (Shimy) Beavers, 52, 217 West Cooper, who died Sunday night. The Rev. J. E. Gillum will officiate.

Burial will be at 9 a. m. Friday in Crown Hill Annex Cemetery. Funeral arrangements are under the direction of Allen and Sons Funeral Home.

Cooler Weather On Missouri Scene

KANSAS CITY (AP) — Much cooler weather hit Missouri this morning.

Lows of 48 to 55 in the east and south and in the upper 50s in the northwest are forecast for Friday morning. And the highs Friday will be about 65 in the northwest, around 70 in the east and south and in the 70s in the northwest.

With the switch, there will be some light drizzle in spots.

Wednesday's highs ranged from 94 at Kansas City to 82 at Cape Girardeau.

Lions Visited By District Governor

Lions District Governor, Al Hammers, Gashland, Mo., governor of District 26-G, made his official visit to the Sedalia Lions Club, Wednesday noon. The District Governor was accompanied on his visit by State Secretary Gib White of Jefferson City.

Gov. Hammers reviewed the purposes of Lionism and called attention Missouri now has in excess of 350 clubs in the State of Missouri alone, and Lionism is represented in 122 countries with a world-wide membership of over 670,000. "In 1962 the Lions over the world reported 340,000 projects for which funds were used principally in blind work, children's activities, and charities.

"Here in Missouri we are proud to say our main project is the Missouri Lions Eye Tissue Bank of the University of Missouri Medical Center. Our budget for this year for the Eye Bank alone is \$44,000," Hammers said.

"I call your attention to the Candy Day program of which Lions will seek contributions for candies, the money to go to defray the State budget and for visual handicap work of the local Lions Clubs throughout Missouri. Gov. John M. Dalton, has through proclamation proclaimed the week of Oct. 6-12 as Visually Handicapped Week in Missouri. I seek this Club's assistance in this program," Hammers said.

The Governor continued by saying "Lionism is dedicated to help those less fortunate than ourselves. Value your membership in your own Lions Club and in Lions International. It is worthy to note these Lions Clubs in 122 countries are all striving for one purpose: Peace and Freedom for all."

Secretary White spoke briefly on the Candy Day program explaining, the candy is not sold and is handed out for contributions. "The first to contribute, for a roll of mints was our own Governor Dalton, who accepted his candy and placed 'folding' money in the container."

The speaker, Gov. Hammers, was introduced by Dr. David Robinson, program chairman for the meeting.

President Neil Chapman presided and announced the Board meeting for Wednesday night.

Diplomacy To Be Added To Busy Life

ST. JOSEPH — W. True Davis Jr., nominated today as ambassador to Switzerland, will be adding international diplomacy to a busy life as an industrialist, civic leader and Democratic party leader.

Nomination of the 43-year-old Davis to the post has been rumored for several weeks. Reports that the Swiss government had agreed to his appointment were confirmed by the nation's embassy in Washington.

Descendant of a pioneer Missouri family, Davis has headed a number of companies in the pharmaceutical field and currently is president of Philips Roxane, one of the nation's major firms producing medicinal drugs in the human, animal and plant fields.

After attending Cornell University, Davis became a salesman in 1940 for the Anchor Suture Co., a firm started by his father here in 1913. After service as a Navy lieutenant in World War II, he returned here in 1946 and served for four years as sales manager of the serum firm. In 1950 he became president.

While attending high school here Davis became well known as a musician. He directed his own band and played at many of the city's social functions.

He always has taken an active part in city and county politics and worked on a national scale in the unsuccessful attempt to obtain the Democratic presidential nomination for U. S. Sen. Stuart Symington of Missouri. He was treasurer of the state campaigns for the late Sen. Thomas C. Hennings Jr., and served in the same capacity for Sen. Edward V. Long.

On the civic level his activities include the Boy Scouts, Little League baseball and veterans organizations. He operates the True Davis Foundation, Inc., which last year purchased the grounds and former convent of the Sacred Heart of St. Joseph and gave them to the city for use as a museum.

He is chairman of the Veterans of Foreign Wars Americanism Committee for the Department of Missouri.

Accidents

The Highway Patrol reported Gary Ray Jones, 18, of Sedalia, escaped injury in a one-car accident at 5:40 a. m. Thursday about three miles east of Otterville.

Jones was eastbound in a 1956 Ford sedan, the patrol said. The car rounded a curve, ran off the road on the wrong side, side-swiped a utility pole and knocked down about 30 feet of fence. The mishap occurred 1.1 miles east of Cooper County Route C.

Damage was estimated at \$300 to the Jones auto.

Two cars were involved in an accident at 7:10 p. m. Wednesday at Broadway and Limit.

Involved were a 1957 Plymouth station wagon, driven east on Broadway by Oran V. Atkins, 36, DeSoto, and a 1959 Chevrolet, driven east on Broadway by Robert L. Knapp, 16, 1813 West Fourth. The rear bumper, taillights and tailgate of the Plymouth and the front grille, both headlights, left front fender and bumper of the Chevrolet were damaged.

Police Reports

Thieves entered the garage at the home of Oscar Lawson, 631 North Osage, and stole a battery valued at \$36 from Lawson's auto. The theft was reported to police Wednesday night.

Oliver Cox, 1510 South Osage, reported a tire and wheel and a bumper jack stolen sometime Wednesday night from the unlocked trunk of his car. The theft occurred either at his address or while the car was parked at Third and Osage, he reported.

The tire was described as an 8-50 x 14 with white wall. Value of the missing items is about \$55.

Building Permits

Victor Burkhalter, 812 Crescent Drive, add 14 by 22 foot room, frame.

Bell Shoe Company, 215 South Ohio, remodel front and interior.

'Law' Stalls NFO Meet In Wisconsin

BALDWIN, Wis. (AP) — Two police officers stood in the path of National Farmers Organization President Oren Lee Staley as he started for the stage Wednesday night at a meeting called by the Farmers for Freedom Committee to protest NFO activities.

The meeting at Baldwin High School developed into an NFO Rally and was terminated ahead of schedule amid chants of "we want Staley."

Unofficial estimates placed the crowd inside the auditorium at 3,000 and the throng outside the building at 2,000.

When Staley, of Rea, Mo., attempted to walk from the wings to the stage, two St. Croix County deputies stood in his path. The officers said they made no attempt to restrain him and did not speak to him.

After the curtain was drawn against the continuing chants, six deputies took places on the stage as Staley spoke with newsmen.

Staley said he was in Baldwin "to accept all challenges they have made and will always be willing to meet anybody any time on any platform," and added, "we will not any time force our way onto a platform."

Staley then went outside to speak with backers in a parking lot.

He also said he would attend a strategy meeting today on continuing NFO plans for a milk holding action.

The NFO met here Aug. 20, with Staley urging dairy farmer members to keep the pressure on processors to sign organization contracts in a drive for higher prices for farmers. NFO is seeking a price of \$6.05 a hundred-weight for milk for bottling. The August price for bottling milk sold under federal orders on the Chicago market was \$4.29 per hundred.

Rebel Sergeants Give Up Bid To Control Navy

RIO DE JANEIRO, Brazil (AP) — The War Ministry announced today a group of rebel sergeants who took over the Navy Ministry in Brasilia have surrendered unconditionally.

A War Ministry communique said two rebel sergeants were wounded in the abortive rebellion, which opened before dawn. They were reported hospitalized and the rest imprisoned.

Infantry troops and tanks had surrounded the Navy Ministry building and given the rebels an ultimatum to surrender or face attack. The group was described at the outset as "practically without any possible defense."

Earlier the insurgents also had held control of the airport and central telephone exchange in the modernistic inland capital, about 600 miles northwest of Rio de Janeiro.

Chicago City Council In Real Estate Move On Discrimination

CHICAGO (AP) — The Chicago City Council has adopted an ordinance forbidding racial or religious discrimination by real estate brokers in the sale of property despite a massive protest by white property owners.

The bill was passed by the City Council Wednesday, a few hours after 4,000 white property owners marched on City Hall in protest.

The vote was 30-16 as the usually solid Democratic majority in the council was split.

Some aldermen denounced the bill as "watered down;" others as a blow to property rights.

One of the chief opponents of the measure was the Chicago Real Estate Board. Its president, Percy E. Wagner, vowed the ordinance will be tested in the courts.

British Farm Hands Receive More Help

LONDON (AP) — Britain's farm hands won a wage increase of seven shillings (98 cents) a week and a reduction of their work week from 46 to 45 hours. The new minimum weekly wage rises from nine pounds three shillings (\$23.62) to nine pounds ten shillings (\$26.60).

The Agricultural Wages Board granted the benefit Wednesday as a compromise with the farm workers' demand for a minimum wage of ten pounds (\$28.00) a week and a reduction in hours from 46 to 40.

Spokesmen for the employers protested even the smaller increase.

Dies of Injuries

ST. LOUIS (AP) — Billy A. Welker II, 19, of Ballwin, Mo., died Thursday of injuries he received Wednesday when his car went out of control on U. S. 40, in St. Louis County.

Letters on Donations To Go On Weekend

The Muscular Dystrophy Association will mail letters to business firms this weekend asking for contributions toward the fund which is used to buy wheel chairs, braces and other things for those who have the disease and for research.

A group of girls have volunteered to meet at the home of Dr. and Mrs. D. R. Robinson on Friday to stuff the envelopes. They are Michelle Gogerty, Linda Robinson, Janice Jackson, Ann Daly, Kathy Freese and Margaret Fischer.

3 Negroes Enrolled In S. C. College

COLUMBIA, S.C. (AP) — Three Negroes were to attend classes at the University of South Carolina today for the first time in 88 years.

The university was integrated quietly Wednesday with the registration of coed Henri Monteith, 18, of Columbia, Robert G. Anderson, 20, of Greenville, and James Solomon, 33, of Sumter.

Negroes last attended the university in 1877 during the reconstruction period after the Civil war.

About 100 students watched from various parts on the campus as the three Negroes picked up registration papers, visited with deans and paid their fees.

City and state police reinforced campus officers, but they were not needed.

Miss Monteith and Anderson ended their first day on campus with dinner at a student cafeteria. White students sat with them and spoke to them. Several paused at Anderson's table to shake his hand.

The university is the second state-supported white college in South Carolina to be integrated. Clemson College admitted Harvey B. Gantt of Charleston in January.

Ratification

(Continued from Page 1) retaliatory nuclear blow would incinerate the land of the aggressor.

"As an American, whose prime concern is for his own country," the senator continued, "I shall support the treaty."

Kennedy, in his letter addressed to Dirksen and Sen. Mike Mansfield, the Senate Democratic leader, sought to allay every concern which has been raised about the treaty in Senate debate.

He gave "unqualified and unequivocal" assurances — which Dirksen had asked — that:

1. Underground testing will be pursued "vigorously and diligently" and strong laboratories maintained in a vigorous program of weapons development.

2. The United States remains ready to resume atmospheric testing immediately if the Soviets should break the treaty.

3. Facilities for the detection of violations will be expanded and improved.

4. The treaty in no way limits presidential authority to use nuclear weapons "for the defense of the United States and its allies, if a situation should develop requiring such a grave decision."

The latter assurance was obviously aimed at reducing votes for a reservation proposed by Sen. Russell B. Long, D-La., to write these assurances into the resolution of ratification.

Dirksen told the Senate that the assurances given by Kennedy in this respect are satisfactory to former President Dwight D. Eisenhower, who made his endorsement of the treaty subject to a guarantee.

Kennedy also made it clear that he feels a reservation proposed by Sen. Barry Goldwater, R-Ariz., to postpone the effectiveness of the treaty until the Soviets remove their military bases from Cuba, cannot be dealt with in the treaty.

But he declared: "I am able to assure the

'Whiz Kids' In Pentagon Frustration

EDITOR'S NOTE — They are called "whiz kids" by admirers and critics alike. They are the civilian analysts and theoreticians who have found the welcome mat out for them at the Pentagon. Their clash with the old school professionals in the shaping of defense policy is examined in the following article.

By **FRED S. HOFFMAN**
AP Military Affairs Writer

WASHINGTON (AP) — Many military professionals smart under what they consider an excessive influence of civilian "whiz-kid" officials at the Pentagon. But these civilians, too, have met frustrations.

"The fact is, this is a one-man show," said one informed authority who rates himself neutral in the military-vs.-civilian feud.

"It's run by Secretary of Defense Robert S. McNamara—he makes up his own mind and makes the decisions."

Like some military leaders, the civilian operations analysts, theoreticians and experts are known to have chafed because McNamara would not go along with certain of their ideas.

But while rebuffs suffered by the services often come into the open, the thwarting of some of

the pet proposals of the "whiz kids" generally is known only to the inner circle of defense leaders.

It is reliably reported, for example, that some of the civilian thinkers some time ago advanced the idea of withdrawing all nuclear battlefield weapons from Western Europe to reduce the hazard of accidental atomic exchange.

According to knowledgeable sources, the Joint Chiefs of Staff warned that such a move could mean the end of the North Atlantic Treaty Organization. The proposal got no further.

The long festering military resentments became a matter of public record last week.

Adm. George W. Anderson, retired chief of naval operations and new ambassador to Portugal, told a National Press Club audience he was alarmed at what he said is a trend to overcentralization of civilian authority at the Pentagon.

Anderson is believed to have been denied a second two-year term as CNO because he fought too hard against McNamara's decision to award a potential \$8-billion TFX fighter plane contract to General Dynamics Corp. instead of the Boeing Co., whose proposed model Anderson favored. While obliquely critical of Mc-

Namara, Anderson also made it plain he objects to the role played by civilian specialists brought into the Defense Department by McNamara from various research and analysis organizations.

Many of these men, mostly unknown to the general public, carry Ph.D. degrees and other academic laurels. A number of them are relatively young—hence the term "whiz kids" is applied to them by critics and admirers alike.

Speaking of this group, Anderson said:

"I am disturbed because now in the Department of Defense, the operations analysts, properly concerned with 'cost effectiveness,' seem to be working at the wrong echelon — above the professional military level rather than in an advisory capacity."

This goes to the heart of the objections of the uniformed officer corps.

Many officers feel strongly there is a place for the civilian "brain" who analyzes the defense problems scientifically and mathematically—but they believe such analysts should be servants, rather than masters, of the seasoned military professionals.

Their gripe is that the analysts who have achieved stature under McNamara dabble in military strategy and weapons questions which, the military professionals contend, they lack the experience and competence to handle.

The pivotal issue in the TFX fighter plane contract dispute being investigated by a Senate committee is the overriding one of military judgment by civilians led by McNamara.

Military men give the civilian specialists credit for some needed improvements in management methods—such as adoption of a "program package" plan for projecting defense money, weapons, manpower and other needs over a five-year period rather than determining these needs on a somewhat disjointed year to year basis as in the past.

The services are not against the idea of analysis—the Air Force, Navy and Army all have such expert groups staffed largely with civilians within their structures.

There is no doubt that McNamara—a "facts and figures man" gave the analysis greater prominence than they ever had enjoyed before in the defense setup.

But associates of the secretary insist he does not buy what the analysts sell without weighing their arguments against those of the military, and that the military positions do not get short shrift.

The art of operations analysts has become more sophisticated with the advent of improved computers and other advanced tools.

One major criticism voiced by military men is that all problems cannot be reduced to mathematical equations and computer treatment.

These uniformed critics — and there are some key civilians who share their views — contend the operations analysts are so bemused by what they think is rational and logical that they do not give due consideration to the possibility of illogical action by the Soviets.

These critics point to the Soviet gambit last year aimed at placing missiles in Cuba right under the nose of the United States as an action that was militarily illogical but which was attempted nonetheless.

One member of the Joint Chiefs of Staff has told this reporter he is somewhat uneasy about the elaborately reasoned concepts of "controlled response" and "negotiated pauses" — designed to keep accidental clashes and small wars from ballooning into nuclear holocaust.

What bothers him, this high officer said, is that such thinking gives little allowance to the possibility that the Soviets might not play the game according to the way the analysts figure it.

Another criticism leveled at the civilian analysts is that they take slight account of human factors. As one admiral put it: "These people don't quite understand that a problem faced by a skipper on the bridge of a warship at sea off an enemy coast is not susceptible to a solution by computer."

A recurrent theme in conversation with seasoned military pro-

fessionals is that some of the civilians who get involved in strategy are too young to have seen any wartime service, and thus have no realistic conception of waging war.

The civilian specialists counter this by saying the military professionals are no more experienced than they in the nuclear war. They note there has not yet been a war in which atomic weapons were used in any scale beyond the dropping of two early model bombs on Hiroshima and Nagasaki toward the end of World War II.

Who are the "whiz kids"? Here are the thumbnail sketches of a few of the most influential:

Dr. Alain C. Enthoven, 33, a native of Seattle; Rhodes scholar; holder of Ph.D. in economics from MIT; slim, handsome product of Rant Corp., a "think factory"

where he worked on strategic air warfare studies; prime mover in fostering "spare the cities" policy which envisions nuclear exchange aimed at military complexes and bases rather than populations.

Henry S. Rowen, 37, a Bostonian, MIT graduate, did graduate work at Oxford and another product of Rand. Tall, sandy-haired, studious-looking has had great impact in formulating limited and conventional war policies.

Dr. Harold Brown, 36, a nuclear physicist and director of the famed Lawrence Radiation Laboratory before becoming powerful director of defense research and engineering. Views weigh heavily in approval or disapproval of weapons projects. Dark, casual-dressing native of New York City and Columbia graduate where he won Ph.D.

Extension Home Economist

Dates Ahead

Tuesday, Sept. 17 — Extension Home Economist visits Smithton Young Homemakers.

Wednesday, Sept. 18 — Pattern Alteration Meetings, REA Conference Room, 9 to 11:30 a.m. and 1 to 3:30 p.m. No enrollments accepted after the 18th.

Tuesday, Sept. 24 — Extension Home Economist visits Sunnyside Extension Club.

Wednesday, Sept. 25 — Extension Home Economist visits Prairie Ridge Extension Club.

Thursday, Sept. 26 — Extension Home Economist visits Smelser Extension Club.

Tuesday, Oct. 2 — Extension Home Economist visits Camp Branch Extension Club.

Extension Club County Council
The quarterly meeting of the Pettis County Home Economics Extension Club Council was held Monday, Sept. 9, First Methodist Church, with 20 of the 26 clubs answering roll call.

Mrs. Albert Anderson, president, gave her report of the Aug. 5-6 state council meeting held on the campus of the University of Missouri.

The group voted to invite Mrs. Mae Everett Latif, former Pettis County home agent, to be the "International Day" speaker, Tuesday, Oct. 15. Mrs. Latif will speak on her four years as a home economist in Pakistan.

"It's Breakfast Time"

Good morning, it's time to eat a good breakfast. Why eat breakfast?

Studies reveal that all individuals, particularly growing children, can work and play best if they have from a fourth to a third of their daily food requirements at the start of the day. Food habit studies show that far too many children and adults either skip breakfast or not eat an adequate one.

For school children, desirable food practices are stressed for a number of reasons: (1) There is abundant evidence to show that good nutrition promotes good health and that malnutrition can be an obstacle to learning; (2) The food needs of school children for growth and activity, in comparison to body size, are greater than they will be later in life; (3) Children can expect to have a longer time than their parents in which to reap the benefits of good nutrition; and (4) Habits

established early in life have a good chance to carry over into adulthood.

What is a good breakfast? A well balanced breakfast consists of: Fruit, cereal, eggs, meat or a combination; bread and butter; milk and other beverages.

Fruit is a good starter. It holds the first place on the menu to provide the all-important vitamin C which cannot be stored in the body, but must be furnished daily. Some of the fruits are better sources of vitamin C. Citrus fruits are especially rich in this vitamin. One-half glass, or four ounces, of orange or grapefruit juice (fresh or canned), or one-half grapefruit will go a long way toward providing the day's vitamin C needs. Fresh or canned tomatoes or tomato juice is another good source of vitamin C.

Cereals. Some varieties are made from whole grains while others are restored or enriched. Check the package for its composition when purchasing. Hot or cold cereals are good energy foods.

Eggs and meats, or both, provide good protein food for breakfast. Protein is the key to a steady output of energy and at least one-fourth the daily protein and calorie requirement should be obtained at breakfast.

Bread and butter. Serve different kinds of bread, muffins or rolls with butter. A variety of breads adds new flavor, fun and nutrition.

Milk and other beverages. Serve milk as a beverage and on cereal. Milk is an important food to young and old alike. Without a regular supply of milk is meals, it's hard to get enough calcium—an important mineral for bones and teeth. Milk is a good source of top quality protein. Young children should have three to four cups daily, older ones a quart.

If pennies count, breakfast can be inexpensive and still furnish its share of the day's food. For instance...

Milk comes in many forms, with a range in price. Evaporated milk, skim milk, and buttermilk are generally less expensive than fluid milk. And nonfat dry milk is an especially good buy because of its low cost.

Whole grain and enriched cereals (particularly the kinds you cook yourself) are bargains in food value. Make them the main part of breakfast often.

If medium size eggs are cheaper by the pound than large sizes, serve medium. Children, and some adults, prefer smaller size eggs.

Fresh fruits are good buys when they are in season locally. At other times of the year, check cost of frozen, canned, dried, or as juice. Ready-to-eat foods and those partially prepared when you buy them nearly always cost more than the same items at home.

Children are great imitators so set a good example—eat a good breakfast.

Top Quality Instant Nonfat Dry Milk

Millions of American consumers, and perhaps you're among them, buy economical instant nonfat dry milk. To help consumers get the best quality product for their money, the U.S. Department of Agriculture now has a grading standard for this product.

Top quality instant nonfat dry milk that meets USDA standards carries the shield U.S. Extra Grade. The new standards insure that the product will quickly dissolve in water and have a free flowing consistency.

Mrs. Diem Says Kennedy Misinformed

BELGRADE, Yugoslavia — Mrs. Ngo Dinh Nhu says President Kennedy "is misinformed about the situation in Viet Nam and the solution should be to get better information."

"He is a politician and when he hears loud opposition he tries to appease it somehow," the petite, powerful first lady of South Viet Nam said on her arrival in Belgrade Wednesday.

That was her reaction when reporters asked her to comment on the concern voiced by Kennedy about the Buddhist situation in South Viet Nam.

Mrs. Nhu, 38, sister-in-law of President Ngo Dinh Diem also had a few words for Pope Paul VI. He also has expressed concern for the plight of the Buddhists. The South Vietnamese government has used strongarm methods in stamping out Buddhist demonstrations for more religious freedom.

She said the pontiff, although not misinformed, "gets easily worried."

Diem, Mrs. Nhu and husband, the president's younger brother and close adviser, are Catholics. Mrs. Nhu is the official hostess for the bachelor president.

In recent television interviews, Kennedy suggested that certain personnel changes in the Diem government may be advisable to help solve the Buddhist crisis.

Mrs. Nhu declined to comment immediately on Kennedy's suggestion for personnel changes.

"We will wait for more details of the statement," she said. "If we can satisfy him, we will do so."

Mrs. Nhu is head of South Viet Nam's delegation to the 52nd session of the Interparliamentary Union which opened an eight-day meeting today. She plans to address the conference on what she described as the true picture of the situation in South Viet Nam.

Fifty-nine countries, including the United States, are attending the conference, which will discuss issues relating to racial discrimination, space law, peace and international cooperation. The U. S. delegation, includes Democratic Senators Mike Mansfield of Montana and Edward M. Kennedy of Massachusetts, the President's brother.

Mrs. Nhu said she planned to visit Paris after the Belgrade meeting but had no plans to see French officials—not even President Charles de Gaulle who recently proposed a policy of reunification and neutralization of Viet Nam. North and South Viet Nam formerly were part of the French territory of Indochina.

Asked if she would visit the United States, she replied:

"If I ever go to the United States it will be in response to many invitations coming from very important groups."

Asked if she would be well received, she said: "Why not, if I go there it means I believe in American fair play."

As for the situation in South Viet Nam, she said, "The fact that we are winning (in the battle against Communist Viet Cong guerrillas) is the proof that we have the support of the people."

She repeated a previous denial that her husband is chief of the South Viet Nam's secret police, which have been blamed for taking part in massive raids on Buddhist pagodas Aug. 21.

She said such an organization does not exist and "we have never raided pagodas, just searched (them)."

MISS CAROL BUCK, Marshall, demonstrates one of the commercial uses for corn. She has a corn cob pipe and the ear of corn is a variety grown especially for making pipes. The photograph was made in the seeds research nursery of the Missouri Farmers Association near Marshall. Hundreds of varieties of corn are grown at the nursery each year. Plant breeders are constantly searching for desirable characteristics to incorporate in new hybrid varieties.

MISS MARY FISHER, Marshall, examines a head of milo covered with a nylon stocking at the seeds research nursery of the Missouri Farmers Association near Marshall. The nylon stocking protects the grain from the birds and provides ample ventilation. Only the heads from desirable plants are covered with the nylons as a part of the selective breeding program.

World News In Brief

By THE ASSOCIATED PRESS

NAHA, Okinawa (AP)—Since the Voice of America increased its transmitting power early this year, primitive villagers in the north have accused the U.S. agency of practicing witchcraft.

It seems that with the boost from 8,000 to 10,000 kilowatts, the stronger radio beams, especially after showers, are picked up by metal objects. This has made radios out of such things as bed-springs, and even caused damp leaves to issue a sound resembling an eerie human whisper.

TOKYO (AP)—Prime Minister Hayato Ikeda today defended Japan's trade with Communist China.

"I fail to understand why so much fuss is made over our trade with Red China," he told newsmen.

"Our feet are planted in the free world and it is on the basis of that position that we are conducting trade with Red China on a purely commercial basis."

GEORGETOWN, British Guiana (AP)—Informed sources said today the Soviet Union has made no direct offer of agricultural aid to the government of Prime Minister Cheddi B. Jagan but that help may be offered through a private firm.

The sources were commenting on a newspaper report that the Soviet Union had offered enough Russian aid to overcome what the Kremlin described as "the imperialist blockade" of Jagan's left-leaning government.

SEOUL (AP)—An attempt by feuding politicians to unite behind a single presidential candidate to oppose junta chief Chung Hee park ended today amid fisticuffs.

The Party of the People, an unprecedented attempt to get civilian politicians to work together, split into two factions. Each nominated a candidate for the Oct. 15 presidential election. The split apparently left the 45-year-old Park, candidate of the junta-backed Democratic Republican Party, without serious opposition.

Low Morale, Calm Behind Iron Curtain

BERLIN (AP)—Dissatisfaction of the East German people with the Communist regime continues to be widespread, but after a week behind the iron curtain this reporter found no evidence that a new revolt is brewing.

The morale of the people, despite tough political pressures and scarcity of certain essential food items, seemed higher than it was seven months ago when I last visited East Germany.

Because of the unusually severe winter and its resulting serious fuel and food shortages, the people's mood then was explosive.

But East Germany since has had a good harvest and there certainly are no shortages of such staples as bread and potatoes.

On the other hand, butter continues to be expensive and short in supply — one half pound being allotted per person every 10 days.

Fresh meat also is scarce but all kinds of sausage were abundantly available.

"No, we are not starving," said a housewife in Dresden. "But it irks you that you can't buy onions whenever you want them or that not a single store has any vinegar when I want to pickle cucumbers."

During a recent heat wave, housewives at Leipzig and Dresden began to queue up at 3 a.m. to get ice for their ice boxes.

While East German industry exhibited electric appliances such as refrigerators at the fall consumer goods fair in Leipzig, the ordinary East German must register and wait at least two years before he can purchase one.

While complaints about food and other consumer goods have decreased since last winter, there is increased bitterness over political pressures.

Factory workers, probably because of the forthcoming general election, are subjected to at least two political meetings a week.

In a conversation with two ranking government officials, this correspondent invited them tongue-in-cheek to a dinner in West Berlin.

Both avoided saying that the red wall dividing the city would prevent them.

Instead, one answered this way: "I really have no desire to come to West Berlin. I get enough money and my wife gets enough money. We have a nice house near a lake and we have a sailboat."

The second official said something similar. Neither one said anything about being convinced Communists.

Even if the climate at this time was such that the people wanted to revolt, the presence of 20 Soviet divisions and thousands of East German police and army troops keeps everyone in line.

Instead of talk about any kind

of uprising, one hears more people express the hope that the present East-West honeymoon arising from the limited nuclear test ban agreement eventually will result in liberalization of political and economic controls in East Germany.

(400 B-52 bombers carrying 1-megaton warheads.)

AMERICA'S ATOMIC ARSENAL

The atomic bomb dropped on Hiroshima in 1945 was equal to about 20,000 tons of TNT. Today the United States could deliver over three million times that much destructive power with just its strategic bombers and missiles (shown in photographs). In addition, thousands more warheads are available for field use. In all, it is estimated the U.S. has an arsenal of 33,000 nuclear warheads. Most of them—about 25,000—are tactical, designed for use in small, mobile rockets or atomic cannon with explosive potentials of one kiloton or less (1 kiloton equals 1,000 tons of TNT; one megaton equals 1 million tons).

Rest Haven Open House Set Sunday

Sedalia's newest nursing and convalescent home, Rest Haven, will hold open house Sunday. The new home is located in the 1800 block on South Ingram. Although construction was completed by July 15, new equipment and all of the new furnishings did not arrive until only recently and it is now complete and ready for a preview of Sedalians.

The new home is undoubtedly one of the finest in Central Missouri with the new structure being of a design attractive in many ways and equipped with the latest of equipment and furnishings for the comfort of patients. What makes the home one of the best in mid-Missouri is the fact as the need arrives the building can be easily expanded, equipped and furnished with the finest of necessities.

Owners of Rest Haven are Mr. and Mrs. John Finley, St. Louis, who have taken a great interest in construction not to mention obtaining the latest and modern equipment and furnishings to make it the best. The Finley's purchased the old Rest Haven from Mrs. Mary Couts, L.P.N., who they insisted remain with them as the administrator.

The older building has also had improvements made to it and it will continue to be used as an annex. The building is associated with the new one-floor structure by an enclosed ramp. Patients in the older section received the same treatment as those who have been located in the new addition, including the same service in foods and such.

The new building has an ultra modern kitchen where all foods are prepared and to which meals are served to those in both the new building and the annex.

Plans for the new structure were approved by the State Department of Health in accordance with the specifications and regulations for nursing homes as adopted by the state legislature several years ago. After construction began the site was visited periodically for inspection purposes and on completion and when the new equipment and furnishings were installed received the final approval from the state of Missouri.

Rest Haven's new building has 14,000 square feet of floor space and will accommodate 58 patients in private and semi-private rooms. There is also a large lounge and recreation room for the patients to sit and visit with friends. There is also a television located in this room for those who desire to watch it. The room is located in the north section of the building and faces on Ingram avenue.

The beautiful dining room is located in the south portion of the front of the building, glass enclosed and overlooks Ingram avenue. The kitchen is equipped with stainless steel and latest in cooking equipment.

One big factor of the structure is the fact the building is completely fireproof while the annex is as near fire proof as it could be made with a sprinkler system with an alarm connected with the fire department. The new building wing to the north is 120 feet by 60 feet, and another is to the west in which are located the patients rooms. Along the front, or on the Ingram side there is an overhang from the roof and a concrete porch under this for patients who desire to sit outside and watch traffic. To the west of the north wing is a large patio 120 by 60 feet for the patients convenience if they desire to go there.

A modern laundry is located in

the basement along with the large boiler room, and another section of the basement for storage space.

The patients' rooms are decorated with pastel colors, three walls of rice color, and the other of either blue, green or yellow. Furnishings in the rooms blend with the color schemes. With the new accommodations and annex, Rest Haven can care for 82 patients.

There is an office for the administrator in the front portion of the building and a registration desk just outside the administrator's office.

Architects for the building were Sammons and Buller of Sedalia. Heimsoth and Borchers of Cole Camp were the general contractors. Cost of the building, equipment and furnishings was well over \$200,000.

Visitors are invited to visit Rest Haven for the open house from 2 o'clock until 5 o'clock Sunday afternoon.

Students Held After Death In Initiation

CHARLESTON, W.Va. (AP) — Police held three members of the Charleston High School band today pending a decision on action in the case of a sophomore boy who died after band initiation hazing.

Michael Murphy, 15, was taken from the school gym Wednesday and was pronounced dead on arrival at Charleston General Hospital.

Authorities said he apparently died from shock following "the pink belly treatment"—abdominal thumping administered in informal initiation hazing.

The names of the three band members—all 16 years old—who allegedly participated in the hazing were not disclosed. Police juvenile authorities and the county prosecutor's office met today to decide if the case should go to juvenile court or to an adult

Carmen Re-elect Head

KANSAS CITY (AP) — A. J. Bernhardt of Kansas City was re-elected to a five-year term as president of the Brotherhood of Railway Carmen.

The Union's convention began Sept. 3 with more than 900 delegates from the United States and Canada and wound up Wednesday.

No charges were immediately filed.

Detective Robert Gunnoe said the three boys told him it was the practice for upper class bandsmen to apply "the pink belly" to new band members. The incident took place in a gym equipment room during a gym class break. No instructors were present.

"This sort of thing definitely is not approved by the school," Gunnoe said, "but apparently it is tolerated."

Goodyear Puts Space For Tires In Topeka

AKRON, Ohio (AP)—The Goodyear Tire & Rubber Co. announced plans today to construct a multi-million-dollar warehouse and distribution center in Topeka, Kan.

Construction of the center, which will have about 600,000 square feet of floor space, will begin this fall and completion is scheduled for the middle of next year.

Russell DeYoung, Goodyear president, said the new facility will replace rented warehouse space in Kansas City and other cities. The warehouse and its associated operations will result in a substantial increase in Goodyear's employment at Topeka, DeYoung said.

KC General Has Turnover Of 50 Per Ct.

KANSAS CITY (AP) — Low salaries and poor facilities have resulted in a 50 per cent turnover of employees at Kansas City's General Hospital in the past year, the City Council was told Wednesday.

This was compared with an average turnover of 29 per cent among other city employees.

Conditions at the hospital were reported to the Council by two spokesmen for the non-profit corporation that administers the city hospitals.

The spokesmen said it has been impossible, because of the existing conditions, to attract a full complement of interns. The hos-

pital has only 16, they said, and 28 are needed.

Thomas Campbell, assistant administrator, said wages make up more than 60 per cent of the cost of operating General, but they are too low to recruit an adequate staff.

"The professional people come here for job interviews and see what we are lacking. They don't come back," Campbell said. "They will not take the responsibility of looking after sick persons under those conditions."

The city provided 85.5 per cent of the financing for General Hospital, the Psychiatric Receiving Center and the Leeds Tuberculosis Hospital, Conrad Maygers, comptroller, said. The city's contribution, he said, was \$4,741,000, which was \$835,000 less than requested.

Stills In 'Them Thar Hills' Are Portable

CLARENDON, Ark. (AP) — State and Federal authorities confiscated in Monroe County in southern Arkansas the ultimate in moonshine whisky stills—a portable one mounted on the front of a jeep.

Reaps Late in Norway

TROMSLØ, Norway (AP) — A farmer is harvesting potatoes from a field he planted in carrots last spring.

Potatoes he planted a year ago came up so small in this Arctic Circle climate that he didn't bother to dig them up. This year he sowed carrots, but the year-old potatoes came up instead.

Branch of Legion Auxiliary

8-40 Officers Installed At Patio Party at Cains

A patio party in the garden of Mrs. W. C. Cain, 1213 South Carr, Tuesday evening preceded the installation of officers of the 8-40, Saline-Lafayette Salon, No. 646, of which Pettis County is now a part. Mrs. Lura Richmond, Kansas City, chapeau departmental, was the installing officer.

The 8-40 is a subsidiary to the American Legion Auxiliary, and membership is only through invitation and requires 36 months of outstanding service to the American Legion Auxiliary. The national organization was founded in 1927 and there are now 18 salons in the State of Missouri. The French names are used for all of the officers.

The highest office in the salon and to which Gladys Poissal, Higginsville, was installed, as le chapeau.

Other officers installed were: Velma Procter, Grand Pass, le demi petit chapeau premiere; Nadine Conn, Sedalia, la demi petit chapeau dextieme; Helen Cross, Marshall, la a'aumoniere; Ruth Raney, Higginsville, la archiviste; Frances Forderhase, Higginsville, la concierge and Malinda Fieth, Higginsville, la secretaire cassiere.

Appointed chairmen announced were: Ruth Raney, Higginsville, child welfare; Maude Cain, Sedalia, and Lena Harrison, Marshall, and Daisy Newman, Higginsville, courtesy; Malinda Fieth, Higginsville and Georgia Mayfield, Marshall, finance; Velma Procter, Grand Pass, fun and fellowship; Minnie Oliver, Higgins-

ville, pourvir member; Lena Harrison, Marshall, music; Maude Cain and Nadine Conn, Sedalia, scrapbook; Velma Turner, Marshall, publicity; Anna Wright, Willy's Lutz, awards; Minnie Oliver, Higginsville, constitution by-laws; Daisy Newman, la advocate.

The meeting opened with the pledge of allegiance and the singing of the national anthem. The meeting was presided over by Minnie Oliver, Higginsville, past le chapeau, who was presented with a past le chapeau pin. Mrs. Oliver presented Mrs. Richmond, the installing officer, a gift.

Mary Pisciotta, Raytown, departmental child welfare chairman, told of the projects of the organization which is child welfare and that this year will be to support Mt. Vernon State Sanatorium, with aid and comfort to children with tuberculosis and cystic fibrosis.

Mrs. Pisciotta stated there are 25 children in Mt. Vernon at the present time. The Saline-Lafayette will have the same little boy that they had last year to whom they sent gifts for birthday and other days. She requested that at a birthday they include small favors for the other children because there is always a birthday party and the other youngsters cannot understand why they do not have presents too, if it is a party.

The setting for the dinner at Mrs. Cain's was very colorful with a wide strip of perfect green grass bordered on one side with gay geraniums to the garage and on the other side with roses, perennial and annuals of a wide assortment edged with tiny pink zinnias. Flowers growing in profusion were all around the patio in full bloom and in many shades. Even in the alley along the white fence were asters and other flowers. In the center of the lawn was a birdbath with floating lighted candles.

The dinner was served buffet style at a picnic table. The next meeting of the group will be on Sunday, Nov. 24, at 2 p.m. at Higginsville.

SMITH-COTTON TIGERS OF 1963—Sedalia football fans will see these boys go on the gridiron Friday night against Marshall high school Owls. It will be the first game of the season for the Tigers and will be played on the Jennie Jaynes Stadium gridiron. The Varsity squad is composed of the following: front row, (left-to-right)—Jim Arnest, Phil Matthews, Fred Wertz, Tom Gibbs, Steve Kenney, Dave Hurt, Sandy Studer, Russell Cusick, A. C. Byrd, and Terry Daugherty. On the left front is Jack Lewis and on the right Mike McCarty, student managers. Second row: Jim Woods, Jim Johnson, Cliff Banks, Harlan Rossman, Joe Lamy, Jim Lewellen, John Johnson, Steve McLeod, Bill Herrick, Clayton Wright, Jerry Austin, and

Mike Rodick, student coach. (Rodick, first string fullback, suffered a fracture of both bones in his left leg during practice and Coach Dick Rees has chosen him as his student coach). Back row: Fred Kelly, Ben Ray, Mike Severide, Dennis Hotchkiss, Jack Reid, Melvin "Butch" Turner, Bill Rumm, Rudolph Smith, Charles B. Rice, Con Rees, John Arnest, Keith Norlund, Wayne Burton. The team was photographed for the first time in their black jerseys trimmed in gold and white with big white letters with a gold trim. The new jersey combination will make it much easier for the fans to keep track of their local players.

Bengals Face Traditional Rivals

Tigers Open Against Owls As Pigskin Season Debuts

By D. KELLY SCRUTON

Friday night is a big night for Smith-Cotton high school. Consequently the school desires a filled, to over-capacity, Jennie Jaynes Stadium gridiron for the opening of the 1963 football season for the Smith-Cotton Tigers.

It will be the first game of the season for the Tigers who are meeting the Marshall high school Owls, one of the oldest rival teams of the local aggregation.

"I believe and feel a full stadium will inspire the Tigers to win," Coach Dick Rees commented when asked about the game Friday night. "The team is in good shape and should be ready for this one," he concluded.

There is every indication of a large crowd as Marshall is expected to bring a big following of fans to this game. Perfect weather, a short drive from home, and a great stadium and gridiron for the game, point to a big following of Saline Countians.

This has been a hard week for the locals going through contact drills each afternoon and learning the hard way. The players from a spectator's standpoint appear to be in good condition, and appear to have been catching on fairly well on plays drilled into them by Coach Rees and his staff of assistants.

A surprise occurred this week with the reporting out for football of several former Hubbard high players and several other boys. None expecting to make the varsity immediately, but from observation, within time they'll be hot on the heels of some who are on the varsity squad vying for their berths.

The coaching staff has been kept busy during these past four weeks, training, building, educating these football players to the pattern laid down by Coach Rees. From their reports they are well satisfied with the progress, but like Rees agree there is much more to be done before the season is too far along.

Mike Rodick, student coach; Jack Lewis and Mike McCarty, student managers. Head Coach Dick Rees; Assistant Coaches, Ralph "Skip" Schultz, West Sanders, and Fred Long.

year we find there are 17 Tigers who saw action in 1962, but of the number, one or two were not actually on the varsity squad, but ended the season in one or more games, as injuries removed some varsity players and they moved up.

From Hubbard High School's 1962 Tiger team Smith-Cotton has obtained the services of several of those boys, three who have been out steady for workouts, while Wednesday two more of the 1962 team reported for practice—too late to show enough to the coaching staff to be issued varsity equipment. They'll have to do a lot of hard work now to move in, but their record of previous year play along with showing up in the next week or two could earn them a berth on the varsity.

Any Tigerman on the squad this year will vouch for the hard work that has earned the right to wear the gold, white and black uniform of the varsity. All of them also understand this same type of work will have to continue to keep that uniform throughout the season.

Coach Rees is not quite ready to announce his starting lineup, but said it would be ready for release Friday. His co-captains for the game night are not selected as yet, "that's going to take some study," Rees remarked, "and just before game time the appointments will be announced."

The Owls have complained of losing a great many of their first stringers, the same as the Tigers, and both teams are lacking those players who earned letters and had long service of play last season. Neither coach, however, is laying himself open that his team will win this first game, but do claim their team will be in their fighting all the way for the win.

SPORTS

Mound Crew Works Well For Redbirds

By MIKE RATHET

Associated Press Sports Writer

The experts pointed a finger at the St. Louis Cardinals when they began their belated bid to overtake the National League leading Los Angeles Dodgers, and turned thumbs down.

The verdict: Pitching not strong enough.

They may have something there. Just last Sunday Cardinal pitchers gave up two runs.

They haven't allowed any since. Ray Sadecki and Ron Taylor combined for the Cardinals' third straight shutout, a five-hit, 4-0 job against the Chicago Cubs Wednesday night that kept second-place St. Louis three games behind the Dodgers.

The Sadecki-Taylor combine followed up a five-hitter by Curt Simmons and a six-hitter by Bob Gibson, extending the Cardinals' latest winning streak to five games while producing the 14th victory in the last 15 games for St. Louis.

Tonight, it'll be Ernie Broglio's turn for the Cardinals. He should be ready, although right now he ranks as the weak link in the pitching staff. He was tagged for two runs by Pittsburgh Sunday.

While the Cardinals kept up the pressure, Maury Wills applied some for the Dodgers against Pittsburgh, stroking four hits, starting three rallies and driving in two runs as Los Angeles maintained its grip on the top spot by belting the Pirates 9-4.

In other NL action, Vada Pinson collected two homers, including his 1,000th major league hit, and Gordy Coleman hit a grand slam in Cincinnati's 14-3 thumping of Milwaukee. Houston's Dick Farrell four-hit Philadelphia 4-2 and the New York Mets defeated San Francisco 4-2.

Sadecki, 9-8, started against Cub ace Dick Ellsworth, 20-9, allowing only four hits in 5 2/3 innings, but was bothered by periodic wildness and Manager Johnny Keane decided to bring in Taylor. Taylor allowed only a single the rest of the way.

The Cardinals got to Ellsworth for two runs in the second. With the bases full, Stan Musial lifted a long sacrifice fly that brought

in the only run St. Louis needed. The second run of the inning scored on Curt Flood's grounder. Mike Shannon's two-run homer in the eighth wrapped up the scoring.

Wills led off the first and third innings for the Dodgers with singles and each time stole second and scored. Wills also drove in two of three Los Angeles runs in the fourth.

Defense Is No. 1

Kansas Backfield Could Become Big Eight's Best

LAWRENCE (AP)—The Kansas backfield, led by fleet Gale Sayers, could become the Big Eight's best if rookie Steve Renko matures quickly at quarterback; but the team's success will hinge on its defense.

"Defense is our No. 1 priority because we feel it may be the difference in our season," Coach Jack Mitchell said. "In fact, since I've been at Kansas I think you'll find we usually finished just where our defense finished."

This was true in '62, when Kansas was 6-3-1.

Depth is a prime problem in the line. Lack of size is another. The Jayhawks will be outsize by their first two opponents, TCU and Syracuse, and by three league teams—Nebraska, Oklahoma and Missouri.

Mitchell hopes to make up for this with speed, quickness and toughness.

The secondary defense is, in the coach's view, the strongest since he started at Kansas. It is led by senior Ken Doughty. Sayers will play defense all the way, and Mitchell is confident he will be a standout.

Sayers is the club's chief running threat. He has sprinted the

100-yard dash in 9.7 seconds and has all the evasive moves. He led the Big Eight in rushing in 1962 with 1,125 yards, third in the nation and third best in conference history.

Ken Coleman and Armand Baughman, a pair of senior fullbacks, are hard, fast runners and good linebackers on defense.

The big difference in the attack, though, is the passing threat offered by Renko, a 6-foot-4, 215-pounder with a strong arm. He was a fullback in high school and was converted to quarterback before the second freshman game last season.

"He looks like he's been a quarterback all his life," Mitchell said. "The boy has all the native ability for all phases of quarterback, but he's inconsistent, as all sophomores are."

Renko's arm makes Sayers an added threat as a pass receiver.

The kicking game is in good hands. Halfback Tony Leiker averaged 39.4 yards last year, third best in the league. Gary Duff is an accurate extra point man and a good field goal kicker up to 25 yards. Rookie Mike Johnson is strong on kickoffs.

In the line, the only returning regulars are end Jay Roberts and center Pete Quatrochi. Brian Schweda, 221, is probably the best tackle. Mitchell is high on two sophomore linemen. They are a 185-pound guard, Larry Ledford, and a 252-pound tackle, Richard Pratt.

"You know, the boys and coaches all want to be good so bad, we sometimes get carried away," Mitchell said, "but we hope our team is 15 to 20 per cent better. Trouble is, the schedule is much tougher."

Dates For Contest Are Announced

BRANSON, Mo. — (Special) — Dates for the 1963 Missouri State Fishing Contest have been announced here by Mo-Ark Lakes, Inc., sponsors of the event for the second straight year.

This year's contest will be held on Lake Bull Shoals, Taneycomo and Table Rock, Oct. 11, 12 and 13, and is open to all residents of the Continental United States.

Contestants are expected from all over the country to compete for the honor of representing Missouri in the World Series of Sport Fishing, to be held Oct. 27-31 on Lake Bull Shoals in Arkansas.

The contest begins on Lake Bull Shoals, Friday, Oct. 11, with the official check-out and check-in station at Wilhoit's Cafe at Theodosia. However, fishing will be permitted anywhere on Lake Bull Shoals (Missouri waters) the first day. On Saturday, Oct. 12, the contest moves to Table Rock Lake, where fishermen will check-out at the Indian Point Boat Dock. On the final day, Lake Taneycomo plays host, with the Branson lakefront as headquarters. The check-out stations are centrally located on each lake, so contestants desiring to fish on either the upper or lower parts of the lakes will have equal opportunity.

Scoring will be based on "points per pound of fish," with additional points for black bass, 16 inches or longer; rainbow trout, 14 inches or more; and walleye, 20 inches or more, with the winner determined by the accumulated score. The scoring system includes points for black bass, trout, channel catfish, crappie, white bass, walleye and perch types. Limits will be in accordance with the regulations of the Missouri Conservation Commission, except perch types, on which the limit will be 30.

The entry fee for the contest is five-dollars for each contestant. Contestants must furnish their own boat and motor. The boat must be fourteen feet or longer . . . no restrictions on the motor size. Either or both may be rented in the area, and arrangements may be made between two contestants to split the expense of boat and motor. An electric motor may be used, but trolling as a method of fishing is not permitted. The State Champion will receive transportation to the World Series of Sport Fishing at Bull Shoals, Arkansas, regardless of where he resides in the Continental United States. Several nice trophies and other prizes will go to winners.

Anyone desiring further information or a copy of the rules of the contest should write to either Bill Hoke, Cardinal Cove Resort, Branson, Missouri or to Gene Gidion, Radio Station KBHM, Branson, Mo.

Ford Whips Athletics

Cards Sweep to Victory; Dodgers Still Lead by 3

By THE ASSOCIATED PRESS

The St. Louis Cardinals, happily stricken with pennant fever, continue to refuse medication. But the Los Angeles Dodgers also refuse medication for the malady hopefully sought since the first of spring by 20 teams in the major leagues.

The Cardinals swept to their fifth straight victory and their 14th in the last 15 contests by shutting out the Chicago Cubs 4-0 Wednesday night.

Los Angeles, meanwhile romped over Pittsburgh 9-4 to maintain a three-game lead over the second place Cardinals in the National League race.

In the American League there has been little evidence of pennant fever as the World Champion New York Yankees have for some time held an almost insurmountable lead over all possible candidates.

Temporarily sidetracked by the Athletics two consecutive nights in Kansas City, the Yankees returned to the main line Wednesday night as Whitey Ford won his 22nd victory of the season, 8-2 over the A's.

Ford pitched a seven-hitter in

recording his fifth straight victory. He was ably backed by Mickey Mantle who drove in four runs on a homer, double and single, and Joe Pepitone who contributed a two-run homer to the New York attack.

The A's scored both of their runs on sacrifice flies as Ed Rakow took the loss.

Ray Sadecki and Ron Taylor put the shackles on Chicago. The victory went to Sadecki although he gave way to Taylor in the sixth. It was the third straight shut out in as many days recorded by the Cards against the Cubs.

Curt Simmons posted a white-wash of the Cubs Monday and Bob Gibson turned the trick Tuesday. Sadecki and Taylor allowed only five hits between them.

Singles by Dick Groat, Bill White and Ken Boyer; a sacrifice fly by Stan Musial and an infield out gave the Cards two runs off loser Dick Ellsworth in the fourth inning.

Rookie Mike Shannon, subbing for Musial in the late innings, hit his first major league homer in the eighth with a man on base.

Manager Johnny Keane puffed on a cigar and beamed with pride afterward in the clubhouse.

"These boys are giving everything they've got," he said. "They've been playing each game like it was life or death, and as far as baseball goes, it is," he added.

Ernie Broglio will start for the Cards tonight in St. Louis against the Cubs' Larry Jackson.

Kansas City will send Moe Drabowsky today against the Yankees' Al Downing.

Oil Transportation

Oil was carried in barrels from well to market by schooners, flatboats and horse-drawn wagons years ago. Today, a huge tankship may carry as much as 38 million gallons in one load and a single railroad tank car holds up to 30,000 gallons.

Pennant Won During June

NEW YORK (AP)—The record books will say the New York Yankees won the 1963 American League pennant in mid-September but manager Ralph Houk and his players know better.

The championship was won one June afternoon shortly after the crippling injury to Mickey Mantle that sidelined the Yankee club leader for most of the remainder of the season.

The club was then in third place.

The next day Houk called a meeting. A member of the Yankee family revealed what took place at this closed door session.

"This scared talk has got to stop," Houk was quoted as saying. "I am as concerned about Mantle's injury as much as any of you but I say we're strong enough to win without him."

"No one appreciates more than I do what Mickey means to us but this is not a one-man team. Every one of you is a vital part of this club. Mick's absence merely gives you a chance to prove it. I don't say it will be easy—no club can lose a Mantle and not feel it—but we're a heck of a lot better than any of the other

clubs even without him." The Yankee manager went down the line, addressing each player individually, pitting each against his counterpart on the Yankees' chief rivals.

"You're all the best at your positions," Houk flatly concluded.

For several seconds there was no answer. Then the quiet was broken by left-hander Whitey Ford.

"Let's go, guys," he shouted. "What are we waiting for? We've got work to do."

That was the answer Houk wanted. The Yankees, with Ford pitching, whipped Detroit that night and went on to win 10 of their next 11.

Major League Stars

By THE ASSOCIATED PRESS
BATTING — Mickey Mantle, Yankees, drove in four runs with a homer, double and single in 8-2 triumph over Kansas City that moved New York another step closer to fourth straight American League pennant.

PITCHING — Ray Sadecki and Ron Taylor, Cardinals, combined for five-hit effort in 4-0 victory over Chicago Cubs, posting St. Louis' third straight shutout and 14th triumph in 15 games.

Money-Wise Yanks Favor The Dodgers

By JIM BECKER
Associated Press Sports Writer

The New York Yankees are all wrapped up in a pennant race—the other pennant race. There's loot involved, lots of it.

The Yankees, who always count the winning World Series share in their annual income estimates, filed in April, are openly favoring the Los Angeles Dodgers for the National League flag in the battle with the St. Louis Cardinals.

They figure a World Series with the Dodgers will be worth some \$6,000 a man more than one with the Cardinals. The arithmetic is simple. There are some 55,000 seats in O'Malley's house in Los Angeles, and all within naked eye distance of home plate are called boxes, at \$12 a copy. St. Louis has only 30,000 seats, few in the \$12 class.

The Yankees moved a step closer to their own annual American League pennant-clinching party by whipping Kansas City Athletics 8-2 Wednesday night.

The second-place Minnesota Twins won, 9-3, over Cleveland. That left the magic number at three.

In other AL action, the Chicago White Sox edged Baltimore 3-2. Washington trimmed Detroit 6-5 in 10 innings and Aubrey Gatewood pitched a four-hitter in his major league debut as the Los Angeles Angels defeated Boston 4-1.

"This nonsense has gone far

enough," Yankee Manager Ralph Houk told his team at Kansas City, after the Yankees had 12 two straight to the Athletics.

Mickey Mantle and Whitey Ford agreed. Mantle smacked a three-run homer in the first inning and added a single and double. Ford won his 22nd game. Joe Pepitone also hit a two-run homer.

Harmon Killebrew hit his 38th homer—a grand slammer—and Earl Battey hit his 25th homer as Minnesota stayed one-half game ahead of the White Sox in their battle for second place.

Eddie Fisher went the distance for the White Sox against Baltimore, winning his eighth with a three-hitter. Dave Nicholson homered for the Sox. Camilo Carreon also homered.

Dick Phillips led off the 10th

Arrested For Sending Note Wrapped Bullets

TOKYO (AP)—A rightist was arrested today on charges of threatening two former cabinet ministers who have been encouraging trade with Red China.

Suekichi Inoguchi, 32, was seized at the headquarters of the Greater Japan Patriotic party.

He was accused of mailing threatening notes wrapped around rifle bullets to Tatsunosuke Takasaki, ex-minister and a senior member of the ruling Liberal party, and Yutaro Takeyama, former minister of construction.

Community Teachers Elect Chief

Mrs. Leo Leiter was elected president of the Pettis County Community Teachers Association for the year 1963-64, with Mrs. Kathryn Lewis elected as vice-president and Mrs. Margaret Bronson, secretary-treasurer.

Mrs. Clarence Leiter, chairman of the nominating committee, presented the slate of officers which were unanimously accepted by the group.

The meeting was opened by Mr. W. P. Tucker, retiring president, and the first speakers on the program were Mrs. Rosalie Hoehl, R. N., who represents District 3 of the State Health Department and Mrs. Eva Moen, also of the Health Department. Both talked on health and distributed literature on the subject. The new health and immunization record sheets were explained and each teacher picked up the number she needed which are to be completed by Nov. 30.

The community health group was represented by Herman Oligschlaeger, who told of the Food Server School to be held on Sept. 17.

Mrs. Jake Stubinger represented the PTA and offered help to any community wanting to organize a PTA.

Mrs. Helen McNew gave a very interesting and informative discussion on her trip to Bunker Hill Resort as a delegate representing the Pettis County Community Teachers Association. All teachers received some literature which Mrs. McNew brought from the meeting at Bunker Hill.

Mrs. Clarence Leiter, Mrs. W. P. Tucker and Mrs. Leo Leiter will be delegates to the Central Missouri State Teachers meeting in Warrensburg.

Recognition by the group of teachers was given Mrs. Tucker and Mrs. Harris as retiring teachers who have devoted so much of their lives to teaching.

At intermission time Dr. C. F. Scotten furnished refreshments to the group.

Opening Meeting Of Sorosis Is Set for Monday

The opening meeting of Sorosis will be on Monday, Sept. 16, when Mrs. Harry Lindstrom will present "A Peek at Three Continents."

This Mediterranean trip on the new ship "Empress of Canada" included 16 countries, many islands in the Mediterranean and Aegean Seas, the Canary Islands and Madeira. Mrs. Lindstrom's interesting story will be illustrated with slides.

A graduate of Northwestern University with a Bachelor of Science degree Mrs. Lindstrom followed this with a graduate work at the University of Iowa and Northwestern University. She taught in high school in Northern Illinois and Ohio before coming to Sedalia as a bride. She has since been active in Sedalia as a member of Sorosis, Garden Club No. 2 and her church, Wesley Methodist.

There will be a 12:30 luncheon preceding the meeting which is at 2 o'clock.

Car Startles Owner By Leaping Into Bay

NEWARK, N.J. (AP) — Arthur Cucuzella, 48, a cargo worker at Port Newark, went to his car

Wednesday to drive away for lunch but the auto wouldn't start. He worked with the ignition and finally used coins to try and jump the spark but the motor still wouldn't respond.

Disgusted, Cucuzella got out and slammed the door.

The motor roared to life and the car sped by its startled owner, 500 feet down the dock, over a foot high wooden barrier and into the waters of Newark Bay.

Communism's troubles with Communist Pathet Lao troops. Gromyko and Home were co-chairmen of the 1962 Geneva conference that guaranteed the independence and neutrality of Laos.

The premier will arrive Sunday to attend the General Assembly session convening next Tuesday.

Witzke Reunion Held Sunday At Liberty Park

The annual Witzke family reunion was held Sunday, Sept. 8, at Liberty Park, at which time Merida Witzke was re-elected president. Other officers elected were Melvin Henry, vice-president and Wilma Henry, secretary-treasurer.

Attending the reunion were: Mr. and Mrs. J. H. Kurtz, Mr. and Mrs. Charles Brownfield, Duane and Karla, Mr. and Mrs. Darrell Bremer and Barbara, Se-

dalia; Mr. and Mrs. Melvin Henry, Wilma and Evelyn Rose, Mr. and Mrs. Ray Johnson, Connie and Billy Ray, Tipton; Mr. and Mrs. Floyd Hedgpeh, Archie; Mrs. Sarah Straten, Mrs. Ruth Srite, Smithville; Mr. and Mrs. Merida Witzke, Latham; Mr. and Mrs. R. D. Harder, Paul Harder, Leonard; Mr. and Mrs. James Sickendick, Debbie and Gerald; Mr. and Mrs. Clyde Myers, Bonnie Sue and Jerry Myers, Mr. and

Mrs. Charles Worthley, Mr. and Mrs. Norman Worthley, Florence; Mr. and Mrs. Gary Bultemeier and Douglas, Robert Worthley, Donald Worthley, Kansas City; Mr. and Mrs. Wesley Shull, Kansas City, Kan., Mr. and Mrs. G. P. Worthley, Independence; Mr. and Mrs. Orle Kenagy, Verlin, Everet, Twila, Treva and Delbert Kenagy, Garden City.

Guests were Betty Woolery,

Fortuna, and Louise Poppinga, Green Ridge.

VIET NAM: Land of the Long War (3)

U.S. Army Ranger gives Vietnamese trainee pointers in use of bayonet in intensive program to counter Viet Cong guerrillas.

Like France before it, America has found itself drawn deeper and deeper into the jungles of Viet Nam. U.S. military advice and \$1 million a day in equipment and supplies have seriously hurt but failed to stop the Communist guerrillas, who are armed and directed by North Viet Nam.

Besides the guerrillas, President Ngo Dinh Diem, hardly renowned as a champion of Western-style civil rights, has

Moments before this photograph, a Communist terror bomb exploded at helicopter exhibit in Saigon, killing seven people.

had to contend with popular resistance to his rule, military coups and outright Communist terrorism.

Now, threatening to succeed in toppling the government where the Communists have failed, the nation's Buddhists, who make up the overwhelming majority of the population, are reacting against what they charge is unjust repression of their religion.

Helmeted soldier, armed with a rifle, stands at a main intersection of Saigon as martial law reigns in the unhappy land.

Spectacular suicides by Buddhists, sit-down strikes and student riots have aroused the sympathy of the world. The embattled Diem regime, apparently having won the first rounds of this new crisis, is currently forced to maintain nationwide martial law.

The long war of the Vietnamese for freedom goes on.

The End

Hal Boyle's Column

Man of Controversy Doesn't Seek It At All

By HAL BOYLE

NEW YORK (AP) — Producer Otto Preminger is a man of controversy who says he doesn't seek controversy at all.

"I'm a man of peace," he said. "But I select my stories and themes on the basis of my own interests. Since we live in a controversial time, why should I go out of my way to avoid controversy?"

"That's why I like America — it's still the freest country in the world."

There were those in the motion picture industry who predicted

Preminger would run into endless controversies in filming his latest production, "The Cardinal," the story of a young American priest's rise to the rank of prince of the church.

But Preminger himself expressed surprise at the cooperation he received.

"The Vatican made no attempt to control the script," he remarked. "There is much more freedom and autonomy in the church than I had thought."

Preminger, an ex-actor and lawyer who trained under the famed Max Reinhardt in Vienna,

is a painstaking, all-around craftsman who likes to handle every aspect of his theatrical ventures. Everything has the Preminger personal touch.

He helps in the preparation of the script, picks the cast and costumes, directs the film, sells it, even goes into the major theaters to see that the lighting and sound effects are right.

"Many producers today like to do that," he said.

Otto credits television with improving the quality of modern motion pictures.

"It broke up the mass produc-

tion of pictures. It got the industry away from the wholesale treatment and forced it to become more selective, to try harder."

"The trash is now being shown on television. But television, too, will emerge eventually when it gets out of the hands of the advertising agencies, and people start paying for seeing what they really want to see."

At 56, Otto, who is balding and blue-eyed, shrugs off with Austrian aplomb either praise or criticism of his efforts.

"Money doesn't overwhelm

me," he observed. "I don't consider it a power, nor do I want to become a slave of it, as I have seen many men become."

"Talent and brains impress me more. So does honesty. So does charm."

"I like charming people, and I can forgive them almost anything. But I forgive charming women more easily than charming men."

Tax Cuts Take Another Step Toward Enactment

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—Will federal tax cuts be too little and too late to do the job originally outlined for them—to get the economy growing faster?

Or will they take effect only in time to ease the pains of another recession? One is due in a few months, if you believe the compilers of charts on the length of business cycles.

Tax cuts have taken another step in their slow-motion march from administration idea toward congressional enactment.

Whatever their final effect, each step forward—like their approval Tuesday by the House Ways and Means Committee—gives business an emotional lift.

This usually shows up first in that most mercurial spot, the stock market. On schedule, the committee's action with its promise of lower tax rates in the future for corporation earnings sent stock prices up Tuesday.

The tax cut proposal has been

a talking point in market decisions for more than a year now. At the time of the spectacular stock market crash in May 1962 many feared a recession was being foreshadowed. Tax cuts were talked up big as an antidote.

Business didn't follow the stock market downward and the tax cut proposals were delayed until the start of the new Congress this January. As business picked up this spring pressure for quick tax cuts eased.

The congressional path is still a long one. The House must act on its committee's recommendation. Then the Senate will deliberate. The question now is whether it will act this year or next, and whether its timing will be off.

For a tax cut to have any real impact on consumer buying—beyond the psychological one of great expectations—the actual cut in the amount withheld from pay checks for federal taxes must take place. The checks must actually be larger. For business spending plans to be fattened, a cut in corporate income tax rates must be assured by congressional action.

Tri-Community Club Meets at Runge Home

The Tri-Community R.Y.O. Extension Club held their regular annual meeting Sunday, Sept. 8, at the home of Mr. and Mrs. Albert Runge, with a contributive noon meal.

Present for the meeting were: Mr. and Mrs. Roy Clark; Mr. and Mrs. Lawrence McMullin, Ann and Sue; Mr. and Mrs. Jesse McMullin and Jimmie; Mrs. Eunice McMullin; Mr. and Mrs. D. E. Edwards; Mr. and Mrs. Bruce Richey and Nancy; Mr. and Mrs. Walter Kraft and Donna; Mr. and Mrs. William Kraft and Karen and Bobby; Mr. and Mrs. Lee Dow, Ernie, Ella, Frank, and Bill; Eldon Kreisel; Mr. and Mrs. Norvel Brunckhorst; Willie Gieck; Mr. and Mrs. Darrell W. Ball, Mike and Stanley; Mrs. William G. Ray, Charlotte and Doug; Mrs. John Silsby; Mrs. Clara Leicher; Mrs. Floyd Thomason; Mr. and Mrs. Herbert Reynolds and Kathy; Mr. and Mrs. Harry Runge; Miss Emma Kraft; Miss Mable Kraft; Mrs. Viola Hudson and Mr. and Mrs. Albert Runge. Mr. and Mrs. Jesse McMullin invited the club to meet with them at their home next year.

CURTAIN-RAISER—It was an equal exchange near Untersuhl, West Germany, recently when the Iron Curtain lifted as East and West swapped the trucks, above. Communist East German military truck, left, in which a defector had escaped to West Germany, was exchanged for a West German army truck, right, used by a West German to cross over to Communist-held territory.

Wesleyan Guild In Meeting At Rucker Home

The Wesleyan Service Guild of Epworth Methodist Church, met Monday evening, Sept. 9, at the home of Mrs. J. C. Rucker, 608 East 17th.

The meeting opened with Mrs. E. L. Ringen leading in prayer.

During the business meeting it was announced at the Fall District Meeting will be held at Warrsburg on Nov. 2, at which time the conference president of Women's Society of Christian Service, Mrs. Ernest Mehl, will be the speaker. Also in attendance will be Mrs. Naomi Alexander, Conference Guild president.

The local guild will have a study course of "The Christian Family and Their Money" which will be held on Monday evenings, Sept. 23, Sept. 30, Oct. 7 and Oct. 14, at Epworth Church, taught by

Miss Opal O'Brian of the First Methodist Church, and Mrs. E. L. Ringen, held at Epworth Church.

Mrs. Orpha Wheeler was honored and presented a gift, this being guild coordination month.

Mrs. Edith DeMott became a member of the guild.

Miss Pearl Rorse presented new year books to all members, "Witness Through Service."

A social hour followed the meeting.

The next meeting will be held at the church.

Boys' Club Successful

Motorists driving by or through Liberty Park last winter and spring frequently remarked: "What's going on over there in Convention Hall?"

No, it wasn't a dance, a family reunion, or a political meeting—the activity was generated by the Boys' Club of Sedalia which now has a membership of close to 600 youngsters.

To appreciate what is going on, particularly Wednesday nights and all day Saturday when the facilities of Convention Hall are set aside for the Boys' Club, Sedalians should accept an invitation from Palmer Nichols, executive director, to come and see the club in action. It's always open house out there and members themselves will be glad to show Sedalians how much their club means to them and to the well-being of the community.

The Boys' Club of Sedalia has completed its first full year of operation. Plans are completed for the reopening of the fall and winter season activities.

The Sedalia Club is an affiliate of the Boys' Club of America which by the way is 100 years old and responsible for the development of hundreds of thousands of valuable citizens through youth guidance and leisure time programs which permit boys to let off steam without getting into trouble. Mr. Nichols points out that there is available to every member of the Sedalia Club, physical fitness programs, arts, crafts, hobbies, community service projects or just a place to

read or do home work, play pool and otherwise enjoy himself.

Men and women volunteers assist the professional staff in the formation of an efficient and creative leadership with their efforts directed toward a single purpose—to help boys develop their own special abilities and grow up to be useful and worthwhile citizens.

Some idea of how successful the Boys' Club of Sedalia has operated the past year is shown in a report by President John Brown and the board of directors.

In part these figures note that total attendance was 10,192 for a membership embracing boys from 7 to 18 years of age divided into groups of Midgets, Juniors, and Intermediates. There were 240 home contacts and visits with parents. There was an attendance of 10,000 in the game room for pool, table tennis, chess, checkers, etc. The total number of boys using the gymnasium was 8,000; boys participating in outside playground activities numbered 5,000. There were 1,078 visitors of whom 925 were adults.

Cold figures are impressive, but no one can determine the warmth of heart among the parents and the inspiration given the youngsters through the year's activities of the Boys' Club of Sedalia.

Sedalians may take a prideful look at what has been accomplished by the devotion of the club's leadership and the boys' participation in a project which certainly merits perpetuation by financial and moral support.

Washington Merry-Go-Round

More Religious Freedom In Spain

By DREW PEARSON

MADRID — Because of the difficulty which Protestants have had in Spain, I went to see the head of the Spanish Reformed Church, Bishop Santos Molina.

My taxi driver, pointing to a sign in the front of the church, observed this was an English church, and I did not realize at the time the significance of his remark. Because it is forbidden for all other Protestant churches to designate on the outside of their buildings the fact that they are churches. The British Episcopal mission in Madrid is the sole exception, the pastor of that church being the spiritual adviser to the British Embassy.

A caretaker finally answered my ring at the big iron gate and escorted me upstairs through very modest living quarters to the small, cramped study of Bishop Santos. He proved to be a quiet-spoken man with clear blue eyes and strong clean-cut features, who said that recently the problem of Protestants in Madrid had improved.

"All of the Protestant churches in Madrid have now been permitted to reopen," Bishop Santos said. "We cannot open new churches without permission, and the government is reluctant to give permission.

"There are still some Protestant churches closed in other parts of Spain," he said, "but Foreign Minister Castiella is trying hard to improve our position. He is endeavoring to get a law adopted guaranteeing religious freedom."

I learned from the Bishop that there are ten Protestant churches in Madrid.

"The Jews have an easier time than the Protestants," said the Bishop, "because the Catholic church is not afraid that people will be converted to Judaism. There is fear that we may win some converts.

The Church Budget

"The question of the Catholic church in Spain," the Bishop continued, "is one of economics. The government pays the priests and it also appropriates the money for church administration.

"Nobody knows just how much money is appropriated today. But here is the budget for 1929." The Bishop fished around in his littered desk and pulled out a very worn government decree which showed that in 1929 the Minister of Grace and Justice had a budget of 40 million pesetas for civil matters and 60 million pesetas for church matters.

"Today the ecclesiastical budget is much, much greater, though it remains a secret. However, we do know that in 1952, 72 million pesetas were advanced for the Ecclesiastical Conference in Barcelona alone. "And this,"

Looking Backward

TWENTY-FIVE YEARS AGO

Work has started in razing the tower structure on the City Hall building at Second street and Osage avenue. The work is being done by W.P.A. employees. Removal of the tower was deemed necessary to prevent a hazardous condition.

FORTY YEARS AGO

Mrs. W. S. Corley and son, Lex, 920 West Fifth street, moved to 201 West Third street where they are now domiciled. Mr. and Mrs. D. W. Tobey and family, 1002 So. Kentucky avenue, who own the property vacated by Mrs. Corley, moved to that location.

said the Bishop, "was at a time when Spain was starving."

I asked about church teaching in the public schools.

"The priests have a right to come into the public schools to inspect the religious worship," replied Bishop Santos. "Some Protestant fathers have protested Catholic services in the schools and have had their children exempted."

The bishop took me through his church, a very modest building which bore a plaque showing it was the gift of Lord Plunket, archbishop of Ireland, and "The people of Ireland and England on Dec. 1, 1892." With some pride the bishop showed me his altar, pulpit, and vestments. The floors were worn, and outside in the courtyard the family wash was hanging on the line.

I told him that I had recently been in Rumania, a Communist country which discourages church worship but where the churches were crowded. In contrast, I had been in Greece where the government supports the Greek Orthodox church, and the churches were empty.

"One church is like one company selling merchandise," said the bishop. "If there's no competition the product deteriorates. There must be freedom of religious worship for all churches. The Greek government pays the priests in Greece and the Greek people see no difference between the government and the church. It is the same here in Spain. Out of a population of 30 million, all Catholic, there are only 3 to 4 million actually practicing Catholics."

Frank Church Discussion

Bishop Santos Molina, who is the chairman of the Defense Committee for Protestant churches, said that the man who has done most to unpadlock the Protestant churches is Foreign Minister Fernando Maria Castiella, who last month contributed a significant article to "America," official organ of the Jesuits. Thurston N. Davis, managing editor of "America," in introducing Castiella's article, made this comment:

"New forces are moving in Spain. . . Spain seems to be cautiously trying on for size her own version of an apertura a sinistra. It isn't a wide opening to be sure; perhaps it would be more accurate to view it only as a slight crack in the door. But liberalizing forces are at work. . .

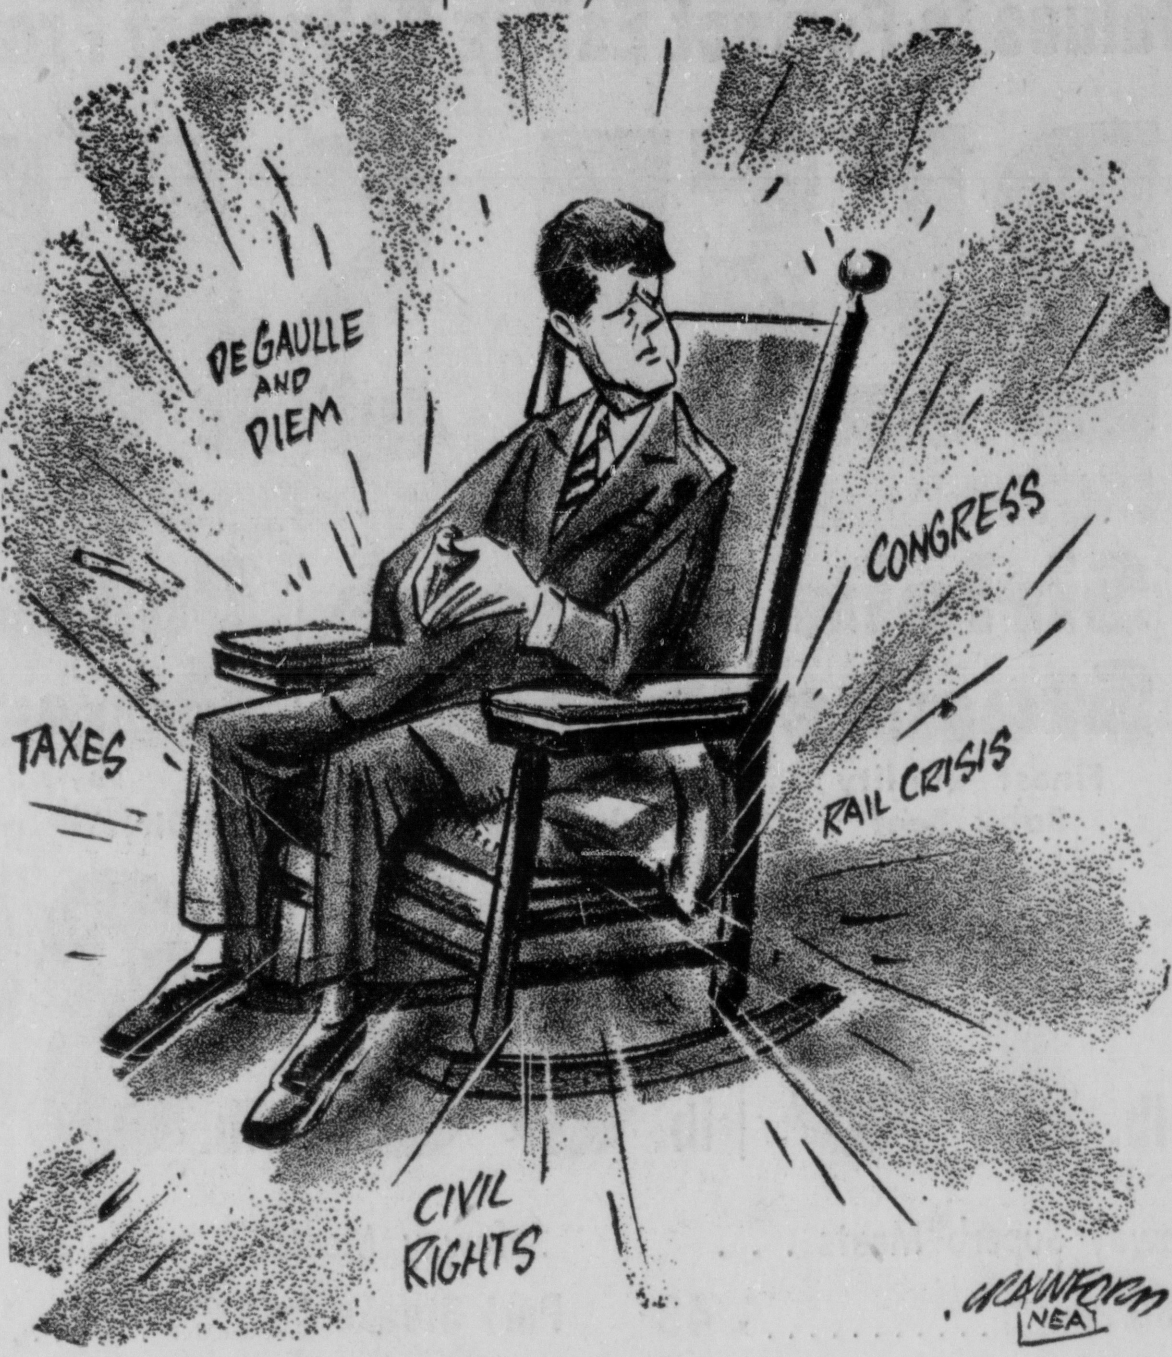

"Spain is trying to construct a legal framework within which she can allow her tiny minority of Protestants a full measure of freedom of conscience. This has not been an easy or a simple task.

"Those who find Sr. Castiella's article tentative, qualified, wary, should recall that Spaniards have had little or no experience of religious pluralism since 1492."

In the article that follows, the foreign minister, whom Bishop Santos gives credit for helping Protestant freedom, states quite frankly that the basic decision must be up to the Vatican. This points to a paradoxical conflict between the Spanish government and the Catholic church. More and more the church has been opposing the Spanish government on political matters while the government has been opposing the church somewhat on ecclesiastical matters — a development which will be reported in an early column.

Alaska's nomadic Eskimos use the caribou as meat for food, its horns for implements and its hide for tents, ropes and clothing.

Squeaky Rocker

The World Today

Priceless Insight Into Disarmament

By JAMES MARLOW

Associate Press News Analyst
WASHINGTON (AP) — The dispute about the nuclear test ban treaty, even though the Senate seems certain to approve it, gives a priceless insight into how far off world disarmament is.

President Kennedy and his advisers — diplomatic, military and scientific—all think it is to this country's interest to agree to a limited test ban with Russia. But others, in and out of Congress, have doubts and forebodings.

The doubters persist in their misgivings about the treaty — which prohibits testing in the atmosphere, outer space and under water but permits it underground — despite assurances given the Senate by:

1. Secretary of State Dean Rusk —that the United States could detect at once any Russian try at cheating.

2. Secretary of Defense Robert S. McNamara—that the United States is, and will remain, superior to Russia in nuclear weapons, even under a test ban.

3. Dr. Glenn T. Seaborg, chairman of the Atomic Energy Commission—that any risks to this country under the treaty would be "minor."

All this is not assurance enough for the troubled ones.

They express suspicions and fears that the Russians somehow, some way, can use the ban to American disadvantage.

Not long ago in this country there was widespread contempt for Russian abilities. That attitude, never valid, has disintegrated in just 14 years under three great shocks:

1949—When the Russians exploded their first atomic bomb; 1953—When they exploded their first hydrogen bomb just one year after this country did; 1957—When they sent the first satellite, Sputnik, around the earth.

Some of the misgivings about the test ban treaty now may be attributed to a reverse psychology. Not only fear of Russian ability but even an inferiority about it.

For instance fear that the Russians are so clever they can hoodwink this country and surge ahead in nuclear weapons even though under the same limitation

the treaty would put on this country.

Carry this attitude one more step: While cheating under the treaty could be detected, as Rusk said, since devices could record an atmospheric blast, any cheating under a disarmament agreement would be far harder to spot.

It therefore follows from the misgivings about the test ban that if this country ever undertook a disarmament agreement with Russia shudders of doubt would

shake the United States and perhaps make such an agreement impossible.

For this reason any hope of world disarmament in the foreseeable future looks like a pipe-dream. But the alternative to disarmament is continuing armament.

In short this country and the world, despite the limited test ban treaty which has been called a first possible step toward better understandings, seem headed for an arms race for years to come.

Polly's Pointers

Lace Into These

By Polly Cramer

Newspaper Enterprise Assn.

DEAR POLLY — If you're tired of lacing the children's tennis shoes, here's a way to tie them permanently. I hope my method will win a Polly Dollar.

Replace the original shoelaces with 1/4-inch elastic. Start at the top and work down. At the bottom be sure the strand of elastic goes from the top and then under. Tie the two ends together in a knot, trim off the excess. Shoes are tied permanently. I do this with all my toddler's shoes as elastic comes in black, too, and can go in his Sunday shoes. Do be careful not to get the elastic too tight as the instep takes up a lot of room. The knot can be slipped to the side underneath the eye and not be seen. — MRS. S. M. Jr.

DEAR POLLY — Teach youngsters to tie their own shoes by making a practice "shoe." Punch six holes in two thicknesses of heavy paper or a paper bag. Then tie two different colored shoestrings together at one end. Lace these through the eyelets of the "shoe" with the knot at the bottom. If you use two different colors it will help the child understand which one is "laced through" or which goes under. Be sure there is enough string to tie a rather large bow. Children find it hard to learn to make a small one. — B. B.

GIRLS — Between these two good hints lots of time is going to be saved that has been spent tying little shoelaces. — POLLY

DEAR POLLY — If things are worn when you are ironing, tired and aching feet will be prevented. —MRS. C. S.

DEAR POLLY — With school days here, the children will be using a lot of notebook paper. Buy a child's magic slate for each of your students and let them use this for their "scratch" work. By lifting the film, all the writing is gone and it can be used over and over again. You will save quite a bit of money during a year's time. — MISS J. S. S.

DEAR POLLY—Here's the way our daughters spent their bedtime hours when we were on vacation and staying in motels:

Before we left home, I bought a paperback scrapbook, tube of paste, three small blunt scissors and two or three inexpensive ball-point pens. They were all put in a shopping bag which went in the car. Throughout each day, the girls would gather together matchbook folders, menus, napkins, postcards and so on, and drop them into the bag. When we stopped for the night, and the girls were ready for bed, we brought out the bag and they assembled and arranged their treasures. Then they labeled, pasted and put them together in the scrapbook. Their father and I had a chance to relax, read the paper and make plans for the next day. Back home again, the scrapbook recalls many worthwhile and pleasant memories.—MRS. J. P. A.

DEAR POLLY—If you pink the edges of a patch before it is sewn over a hole, the patch will not ravel so quickly or get loose when you wash the garment.—MRS. M. O.

DEAR POLLY—My luggage is a well-known make, and is easily misplaced in a crowd as there are so many others like it. On the ends of the bags, I have pasted bright-colored seals — Christmas, Easter or animal seals. Four are enough to make a piece easy to identify. I tell the porter that mine are the bags with the pictures on the ends. If someone should pick up a piece by mistake, I can readily identify it as mine.—MRS. I. M.

DEAR POLLY — Save worn-out and soiled household sponges. When potting plants, fit pieces of them in the bottoms of the pots. Makes excellent drainage material and also holds some moisture in the soil.—M. McC.

Share your favorite homemaking ideas. . . send them to Polly in care of The Sedalia Democrat-Capital. You'll receive a bright, new silver dollar if Polly uses your ideas in Polly's Pointers.

The Doctor Says

Drug Addiction Problem Through Eyes of a Doctor

By Wayne G. Branstadt, M.D.

Newspaper Enterprise Assn.

Narcotics is a subject that concerns all of us because of its close relationship to juvenile delinquency. It is also a subject about which there is still a great deal of confusion and emotionally charged difference of opinion.

Before there can be an addict there must be a susceptible person, availability of an addiction-producing drug, and an environment that favors addiction.

Most of the addicts who make drug addiction the serious problem it is are young men between the ages of 16 and 30.

The chief concern of addiction is heroin. Environmental factors include overcrowding in substandard dwellings in large cities, and gangs in which addiction is accepted as a way of life.

Drug addiction is a truly deplorable illness. In a well-meaning attempt to protect the potential addict the Harrison Narcotic Act was passed in 1914. This law has unfortunately had the opposite effect.

By making it a criminal offense for physicians to treat addicts by giving them maintenance doses of drugs it had the effect of causing doctors to stop treating addicts.

The average addict who can get his drugs regularly can manage to live a fairly normal life. Many persons in high places have maintained such an addiction without even their closest associates ever suspecting that they were taking drugs.

When, however, we make it hard for the addict to get his daily supply, he will suffer the extreme tortures of withdrawal.

To prevent this he will steal or even commit murder. Since the doctors can no longer treat his illness he is forced to turn to the underworld for treatment.

Many addicts, in order to insure their own supply, become dope peddlers and induce other susceptible persons to become addicts. Thus a bad situation not only perpetuates itself but spreads.

Since the number of victims of this vicious system cannot be known accurately, estimates of the number in the United States range from 60,000 to one million. The true figure is probably somewhere in between. A note of optimism has recently been sounded.

Although most young men who are taken off drugs relapse quickly, there is growing evidence that when they reach the age of 30 to 35, many (not all), voluntarily break the habit. This is believed to be a sign of their reaching a new level of maturity.

This still does not solve the problem of the wasted years, the prevention of addiction in a new crop of youngsters, or the treatment of older persons who cannot break the habit.

One of the first steps that must be taken is to amend the laws in such a way as to place treatment back in the hands of legitimate doctors.

The Mature Parent

The Meaning of Desire

By Mrs. Muriel Lawrence

Newspaper Enterprise Assn.

DEAR Mrs. Lawrence: My 5-year old has developed a very embarrassing habit. He suddenly runs away from me on the street, stops in front of some store window and won't move unless I buy him something he has seen in it. First it was a neighborhood pet shop but now he stops at nearly every window. Yesterday he wouldn't leave an appliance window until I went in and bought a red electric bulb. . . .

ANSWER: You have confused your little boy's right to desire with his right to fulfillment of desire.

We create neurotic children by confusing these two very different rights. Like you, we fear a child's desire for a puppy in a pet store window because desiring it is getting it so far as we are concerned. As we don't want him to get it, we have to squash the desire. We have to scold and cajole him into giving it up instead of going along with it by saying, "I wonder what the people who buy that puppy will call him. What's your favorite name for a puppy? You couldn't call that one 'Spots' because he's all brown. . . ."

By delighting in his feeling for the puppy we make it possible for him to relinquish the notion of possessing it and to detach himself from the window.

We the Women

One Thing at a Time

By RUTH MILLETT

Newspaper Enterprise Assn.

Some housewives look at house-keeping as an endless, thankless job that's never done. They can tell you the exact number of times they do the dishes, make beds and prepare meals each week.

And they don't realize that it's their own attitude that makes the job of homemaking seem pure drudgery.

Taken day by day, housework isn't too bad a job. It isn't "today," the frustrated housewife can't

face. It's all the "tomorrows" on top of "today."

So the way to look on housework—or on any job—is to take it one day's work at a time.

If she didn't become depressed over all she has to do tomorrow and all she wants to accomplish next week, almost any housewife could face today's demands cheerfully.

So the thing to do with the hardest job of housekeeping is to set aside a certain number of working hours, accomplish everything possible in those hours.

When the time is up, call it a good day's work and quit. Not only quit working, but stop thinking about the work yet to be done. What is left over can be tackled tomorrow.

The best mental rule for any overworked housewife is to never think beyond the job at hand.

Think of each day's chores separately, and you'll find you can cope without undue stress.

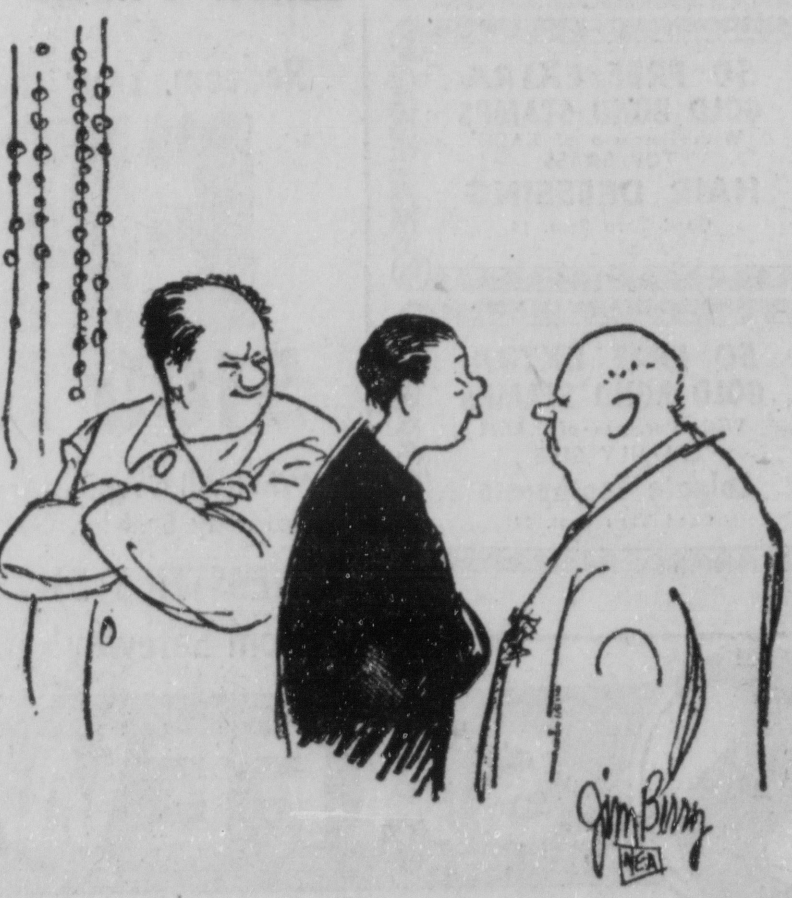

Late Pope's Doctor Made to Pay Damages

ROME (AP) — Prof. Riccardo Galeazzi Lisi, a personal physician of the late Pope Pius XII, has been ordered by a Rome court to pay eight million lire, about \$12,900, in a damage suit.

Attorneys for Prof. Carlo Basilici claimed he had for 20 years received insufficient pay in helping Galeazzi Lisi draft medical articles. The court Wednesday ordered the damages paid as back salary.

Galeazzi Lisi was widely criticized for selling deathbed photographs he took of Pope Pius in 1968. He was ostracized by Italian medical societies.

BERRY'S WORLD

"He said you're a 青頭楞, too!"

matter of fact

In the Civil War, the federal government regarded the Confederates as rebels though they had been recognized as belligerents by neutral states. By law rebels are subject to prosecution for treason. After the war, a general amnesty terminated prosecution against the southern leaders.
